Moonlit Soul Luz De Miel, 2018-01-07 I have experienced so many landscapes so many sighs and sprays So many beaches and islands so much flowery jungle of palm trees with springs waterfalls rivers and streams But the longing for Ionia continued my dreamy safe haven I finally got to live in Rio de Janeiro where Copacabana is the top of the world where the calm sea or giant waves I enjoy much more than in other places Finally my restless soul rests My ecstatic flight continues in a calm circle and my howling is no more of brokenness but of full enjoyment God is a being and every creature is also a being from the mineral vegetable or animal world This teaches us animism Of the great part is the energy or vital force Deep down being is always the same what changes is personality for better or for worse or maybe it's just a phase a cycle Be as majestic as the mountain and as deep as the sea So many things reconcile me with life The contemplation of the constellations the shooting star the light the full moon the shades of dawn the milky way the sunset the sound waves of the sea the serene lake silent listening to the song of the brook Feel the tenderness of the butterflies the hummingbirds the fireflies

Supplement to "On the Soul" Alexander (of Aphrodisias.), 2004 The Supplement transmitted as the second book of On the Soul by Alexander of Aphrodisias fl c 200 AD is a collection of short texts on a wide range of topics from psychology including the general hylomorphic account of soul and its faculties and the theory of vision questions in ethics natural instincts the unity of the virtues the naturalness of justice and the insufficiency of virtue for happiness and issues relating to responsibility chance and fate One of the texts in the collection On Intellect had a major influence on medieval Arabic and Western thought greater than that of Alexander's On the Soul itself The treatises may all be by Alexander himself certainly the majority of them are closely connected with his other works

Many of them however consist of collections of arguments on particular issues collections which probably incorporate material from earlier in the history of the Peripatetic school This translation is from a new edition of the Greek text based on a collation of all known manuscripts and comparison with medieval Arabic and Latin translations
