The Armenians David Marshall Lang, Christopher J. Walker, 1987-02-01 The Hidden Holocaust During the course of the First World War considerably over a million Armenians were slaughtered in one of the most horrific but least known genocides of recent history The then government of Ottoman Turkey made a decision to liquidate their Armenian Christian subjects as a people Armenian conscripts in the Ottoman armies were starved beaten and machine gunned Armenian intellectuals were murdered In Armenian villages men were taken away and shot while their women and children were rounded up and forced to walk southwards into the deserts where many collapsed and died of hunger and exhaustion The survivors were then incarcerated in open air concentration camps from which few emerged alive All of this has been recorded in documents and individual memoirs There can be no doubt that the genocide took place with full government knowledge and approval But even today the present Turkish government denies the reality of the Armenian genocide and has erased it from official Turkish history Yet for the Armenian people it is essential that the facts of their sufferings are recognized and their claims acknowledged The Armenians is one of the few accessible

accounts of this little known episode But more than this it gives an overview of past Armenian history and culture the present situation of the Armenian diaspora around the world and prospects for the future Written by David M Lang and Christopher J Walker two leading writers on the Armenian situation this new edition of this classic report also refers to the acute contemporary problems for Armenians in Lebanon and Iran as well as continuing repression in Turkey An important report on an exceptional and cohesive minority group which should be read by all those concerned with human rights and history as well as the Armenian people wherever they live
