## **The Art And Craft:**

The Craft & Art Show Calendar #29 ,     *Artistry* V. A. Howard, 1982-01-01     **Art, Design, Craft, Beauty and All Those Things...** Donald Richardson, 2023-08-18 Responding to many recent calls for redress and restitution Richardson summarises the historical and current situation and attributes its problematics to the fact that theorists and historians have taken the concept art as a generic that includes both design and craft which are actually and validly distinguishable from art by application of the concept functional or else ignored the two entirely Considering the concept functional he maintains calls into question the view that the three may be sub classes of the one class whereas in a work of art typically there is a resolution of the tension between form and content in works of design and craft the resolution is between form and function How this recognition can clarify the issue informs the entire book The book's other major thesis is the realisation that aesthetic values are inherently human and that therefore they apply not only to art but to life in general Far from being frivolous or a mere emotion the aesthetic is a sense of equivalent psychic status to sight and hearing and like them is employed at almost every moment of our daily lives which fact grounds art design and craft deeply in human life This is reflected in the universal use of the human form including the exhibition of sexual characteristics in art The eternal conflict between making art and making a living from making art is examined and contrasted to the rarely recognised but positive role of design in planning and industry Richardson also critiques common theories of representation and composition including creativity Albertian perspective and scientific and geometric theories of beauty and composition also the relevance of the camera and the computer in the field     **Craftivism** Betsy Greer, 2014-04-21 Craftivism is a worldwide movement that operates at the intersection where craft and activism meet Craftivism the book is full of inspiration for crafters who want to create works that add to the greater good With interviews and profiles of craftivists who are changing the world with their art and through examples that range from community embroidery projects stitching in prisons revolutionary ceramics AIDS activism yarn bombing and crafts that facilitate personal growth Craftivism provides imaginative examples of how crafters can be creative and altruistic at the same time Artists profiled in the book are from the United States Canada the United Kingdom Australia and Asia and their crafts include knitting crocheting sewing textiles pottery and ceramics There's the Brooklyn writer who creates large scale site specific knitted installations the British woman who runs sewing and quilting workshops for community building and therapy the Indonesian book maker and organizer of a DIY craft center and the Oxford England cultural theorist and dress designer A wonderful sense of optimism and possibility pervades the book the inspiring notion that being crafty can really make the world a better place Betsy Greer is a writer crafter researcher and the author of *Knitting for Good A Guide to Creating Personal Social and Political Change Stitch by Stitch* She also runs the blog craftivism.com and believes that creativity and positive activism can save not only the soul but also the world
