Slow Emergencies:

Emergency Claire Laurier Decoteau, 2024-12-16 A forceful critique of how and why states failed to protect marginalized communities in their responses to the COVID 19 pandemic and the implications of ignoring the existing emergencies that exacerbated the pandemic's devastating effects The COVID 19 pandemic inaugurated a state of emergency unprecedented for most Americans Some could observe this emergency from the relative safety of their homes but those in marginalized communities without access to the same privileges were forced to risk their health and well being In Emergency sociologist Claire Laurier Decoteau documents and theorizes the emergencies of COVID 19 by looking at the experiences of Chicagoans and the policies that shaped their lives She describes the uneven racial impact of COVID 19 on Black and Latinx Chicagoans as a crisis within a crisis caused by a convergence of emergencies a state of emergency that protected white supremacy and wealth the slow emergencies racially marginalized populations have faced for decades due to the long term gutting of care infrastructure and deindustrialization and the sacrifice essential workers were asked to make to protect the United States economy As Decoteau shows the city's racial equity project used data to determine which communities would be given scarce resources but once positivity or death rates declined resources were retracted and redistributed elsewhere City officials thus attempted to manage these converging emergencies by manipulating epidemiological data and orchestrating systems for interpreting that data Decoteau makes clear that the emergencies precipitated by COVID 19 long predated the pandemic and that we will continue to live with their compounding crises if we do not tackle their structural underpinnings Slow

Emergencies Nancy Huston, 2002-01-08 Lin has a husband two daughters and close friends But dance is her passion Inescapably it imposes itself upon her until the inevitable moment when she must choose between her family life and the all consuming world of dance to which she aches to return Slow Emergencies conveys an irresistible impulse to create and illustrates the emotional turmoil that ensues for Lin and her family Nancy Huston award winning author of The Mark of the Angel writes brilliantly here about the passage of time the body's vulnerability and the solitude of creative endeavor What results is a deeply felt novel that offers a disquieting but profoundly moving meditation on just what it means to be an artist

Habit's Pathways Tony Bennett, 2023-08-28 Habit has long preoccupied a wide range of theologians philosophers sociologists psychologists and neuroscientists In Habit's Pathways Tony Bennett explores the political consequences of the varied ways in which habit's repetitions have been acted on to guide or direct conduct Bennett considers habit's uses and effects across the monastic regimens of medieval Europe in plantation slavery and the factory system through colonial forms of rule and within a range of medicalized pathologies He brings these episodes in habit's political histories to bear on contemporary debates ranging from its role in relation to the politics of white supremacy to the digital harvesting of habits in practices of algorithmic governance Throughout Bennett tracks how habit's repetitions have been articulated differently across divisions of class race and gender demonstrating that although habit serves as an apparatus for achieving success self

fulfillment and freedom for the powerful it has simultaneously served as a means of control over women racialized peoples and subordinate classes

The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
