Winterblaze Kristen Callihan,2014-07-29 Once blissfully in love Poppy Lane is keeping secrets Her powerful gift has earned her membership in the Society for the Suppression of Supernaturals but she must keep both her ability and her alliance with the Society from her husband Winston Yet when Winston is brutally attacked by a werewolf Poppy s secrets are revealed leaving Winston s trust in her as broken as his body Now Poppy will do anything to win back his affections Their relationship is now put to the ultimate test Winston Lane soon regains his physical strength but his face and heart still bear the scars of the vicious attack Drawn into the darkest depths of London Winston must fight an evil demon that wants to take away the last hope of reconciliation with his wife As a former police inspector Winston has intelligence and logic on his side But it will take the strength of Poppy s love for him to defeat the forces that threaten to tear them apart *River of Spirits* Shana Targosz,2025-03-25 A stunning debut middle grade fantasy about a girl caught between the realms of the living and the dead who gets lost in the Underworld perfect for fans of Greenwild and Rick Riordan Senka lives between the realm of the Living and the realm of the Dead As ward to Charon the Ferryer of the Underworld Senka assists in ferrying recently departed souls across the river and into their afterlife Although Charon has taught her many Rules about life in the Underworld there is much he avoids telling her Though she doesn t understand why the Rules are so important she listens she must heed them in order to become an official Ferryer just like Charon Then a Living girl Poppy enters the Underworld to plead for help in finding the ghost of her brother Poppy s grief tugs at Senka s heart but helping Poppy goes against the very Rules Senka is so desperate to follow When Poppy is yanked away by the river s current Senka leaps to save her and she and Poppy are swept downriver far from everything Senka has ever known Lost in the Underwild Senka and Poppy encounter malevolent spirits of lore and eccentric ghosts and not all are willing to let souls slip through their grasp Senka knows the Living can t stay in the realm of the Dead for long and if Poppy isn t returned home soon she will risk becoming lost to the Underworld forever But as Senka travels deeper into the Underwild she discovers there are secrets her guardian has kept from her including the mystery surrounding her own existence As Poppy and Senka dodge angry demigods hungry wraiths and terrifying dragon chimera Senka gets closer to learning the truth of her own past Soon Senka won t just need to save

letters rare photos and never before seen documents from the Styron family and the Duke University Archives *Fiction Index Three* Gerald Brooks Cotton,1975 **Nor** ,2007 Historical Image of the Turk in Europe Mustafa Soykut,2003

Images of Turkey in Western Literature Kamil Aydın,1999 This text provides a study which focuses on 20th century images of Turkey in the West dealing with literature that is mainly in English and drawn from fiction and travel books The author has previously written on the contemporary American novel *The Great Class War 1914-1918* Jacques R. Pauwels,2016-04-06 Historian Jacques Pauwels applies a critical revisionist lens to the First World War offering readers a fresh interpretation that challenges mainstream thinking As Pauwels sees it war offered benefits to everyone across class and national borders For European statesmen a large scale war could give their countries new colonial territories important to growing capitalist economies For the wealthy and ruling classes war served as an antidote to social revolution encouraging workers to exchange socialism s focus on international solidarity for nationalism s intense militarism And for the working classes themselves war provided an outlet for years of systemic militarization quite simply they were hardwired to pick up arms and to do so eagerly To Pauwels the assassination of Archduke Franz Ferdinand in June 1914 traditionally upheld by historians as the spark that lit the powder keg was not a sufficient cause for war but rather a pretext seized upon by European powers to unleash the kind of war they had desired But what Europe s elite did not expect or predict was some of the war s outcomes social revolution and Communist Party rule in Russia plus a wave of political and social democratic reforms in Western Europe that would have far reaching consequences Reflecting his broad research in the voluminous recent literature about the First World War by historians in the leading countries involved in the conflict Jacques Pauwels has produced an account that challenges readers to rethink their understanding of this key event of twentieth century world history *Poppy* Gregor Salmon,2010-05-01 Life Death and Addiction Inside Afghanistan s Opium Trade The farmer s survival The Taliban s fight The warlord s power Democracy s ruin Afghanistan has become the world s largest producer of opium and its offshoot heroin all under the noses of Western civil and military stakeholders At the nexus of the War on Terror and the War on Drugs truth is as elusive and fragile as the new democracy itself now on the brink of being consumed by an expanding mire of chaos Stranger in a strange land Gregor Salmon entered the war torn country alone and spent eight months investigating Afghanistan s dependence on poppy Who depends on poppy profits And who pays the ultimate cost Along the way he encountered Afghans whose lives were intimately tied to the trade farmers harvesters eradicators smugglers police doctors addicts warlords gun runners politicians even a pop song loving Taliban commander The result is a tense fascinating and deeply moving journey along the narcotics trail and a story about keeping your sanity in a senseless world *Reader's Digest 1979 Almanac and Yearbook* ,1979 *Cumulated Fiction Index* ,1975 *Scented Visions* Christina Bradstreet,2022-06-29 Smell loomed large in cultural discourse in the late nineteenth century thanks to the midcentury fear of miasma the drive for sanitation reform and the rise in artificial perfumery Meanwhile the science of

olfaction remained largely mysterious prompting an impulse to see smell and inspiring some artists to picture scent in order to better know and control it This book recovers the substantive role of the olfactory in Pre Raphaelite art and Aestheticism Christina Bradstreet examines the iconography and symbolism of scent in nineteenth century art and visual culture Fragrant imagery in the work of John Everett Millais Dante Gabriel Rossetti Simeon Solomon George Frederic Watts Edward Burne Jones and others set the trend for the preoccupation with scent that informed swaths of British European and American art and design Bradstreet s rich analyses of paintings perfume posters and other works of visual culture demonstrate how artworks mirrored the period nose and intersected with the most clamorous debates of the day including evolution civilization race urban morality mental health faith and the woman question Beautifully illustrated and grounded in current practices in sensory history Scented Visions presents both fresh readings of major works of art and a deeper understanding of the cultural history of nineteenth century scent
