Shi,1996 Shi provides the most comprehensive history to date of the rise of realism in American culture vividly capturing the character and sweep of this all encompassing movement that ranges from Winslow Homer to the rise of the Ash Can school from Whitman to Henry James to Theodore Dreiser *Tracing Florida Journeys* Leslie Kemp Poole,2024-03-05 In this book Leslie Poole delves into the stories of explorers and travelers who came to Florida during the past five centuries looking at their words and the paths they took from the perspective of today **Stephen Crane** Thomas Beer,1926 History of Montclair Township Henry Whittemore,1894 *Catcher* Peter Morris,2009-04-16 Today the baseball catcher is a familiar but uninspiring figure Decked out in the so called tools of ignorance he stolidly goes about his duty without attracting much attention But it wasn t always that way as Peter Morris shows in this lively and original study In baseball s early days catchers stood a safe distance behind the batter Then the introduction of the curveball in the 1870s led them to move up directly behind home plate even though they still wore no gloves or protective equipment Extraordinary courage became the catcher s most notable requirement but the new positioning also demanded that the catcher have lightning fast reflexes great hands and a cannon for a throwing arm *Stephen Crane* Stephen Crane,1960 The Notebook of Stephen Crane Stephen Crane,1969 *Stephen Crane* Robert Wooster Stallman,1968 *The Poems of Stephen Crane* Stephen Crane,Joseph Katz,1966 Stephen Crane has earned his place in the American literary canon largely on the basis of his novel The Red Badge of Courage and his psychologically

compelling short fiction he was also a remarkable poet whose poetry is full of irony and paradox yet is often gentle and compassionate The Complete Poems is a superb tribute to that poetic genius In addition to collecting all 135 of Crane s known surviving poems editor Joseph Katz has written a substantial introduction which places Crane s poetic achievement in context **The Correspondence of Stephen Crane** Stephen Crane,1988 **The Collected Poems of Stephen Crane** Stephen Crane,1957 **Stephen Crane** Edwin Harrison Cady,1980 Bibliography p 169 171 A critical interpretation of Crane and his work Stephen Crane Thomas Lynch Raymond,1973 *Stephen Crane* Robert Wooster Stallman,Lillian Barnard Gilkes,1960 *Stephen Crane* John Berryman,1982-10-01 This is the only biography by a leading American poet of the great American writer Stephen Crane John Berryman originally wrote this book in 1950 for the distinguished American Men of Letters series and revised it twelve years later This edition reproduces the later version In Stephen Crane Berryman assesses the writings and life of a man whose work has been one of the most powerful influences on modern writers As Edmund Wilson said in The New Yorker Mr Berryman s work is an important one and not merely because at the moment it stands alone We are not likely soon to get anything better on the critical and psychological sides It is Berryman s special insight into Crane as a poet that makes this book unique The Complete Poems of Stephen Crane Stephen Crane,1972 This book includes all of Stephen Crane s poetry arranged in chronological order
