**Working in a Survival School** Lee Del Col, Garth Stahl, 2023-05-31 Working in a Survival School documents how global educational policies trickle down and influence school cultures and the lives of educators and educational leaders The research traces the everyday work and experience of educators within an all boys Catholic college suffering an unprecedented decline in enrolment numbers In short it was a school in survival mode Drawing on Dorothy Smith's scholarship on Institutional Ethnography the authors document how the school operated and how its efforts to survive influenced the daily work of educators Institutional ethnography reveals the school as a bounded space subject to a variety of competing local and translocal forces that are historical political and economic in nature Exploring the discursive and material effects of policy on both the work and identities of educators the authors illustrate how the everyday experience of being an educator is shaped by marketisation and how leaders engage in stratagems to promote the school as a vehicle of educational excellence and quality to lure clientele Building on existing scholarship in educational policy studies and new public management Working in a Survival School considers how the global marketisation of education systems is experienced in one school fighting to survive This book is of interest to educators school leaders and academics interested in policy enactment

**Work of Fiction** Christina Williams, 2024-08-20 Work of Fiction Making a Living from Writing in the UK explores the lived experiences of fiction writers in the UK and how they make a living Based on a substantial body of interviews with a range of fiction writers it considers the ways that writers think about and talk about writing as work and how discourses of writing operate to support or undermine them as cultural workers It argues that discourses of love luck magic and being a writer function in complex ways to position writers in enchanted and elevated spaces which both nurture their practice and undermine their status as remunerated workers in the creative sector The book shows how the positives and negatives of often precarious cultural work are played out for fiction writers It has implications for writers in the ways that they think about and talk about themselves as workers and how the publishing industry values their contributions
