Stern Der Ungeborenen:

Stern der Ungeborenen Franz Werfel, 1949 Utopie, Antiutopie und Science Fiction im deutschsprachigen Roman des 20. Jahrhunderts Hans Esselborn, 2003 **Franz Werfel: Bibliography of German Editions** John M. Spalek, 2009-10-16
This volume is the first comprehensive bibliography of all Werfel publications in German language and thus a complete history of the publication of Werfel's works. All works are arranged alphabetically by title followed by all other editions grouped by publisher. Each bibliographical entry contains the edition's designation, all the information from the title sheet, a description of the volume, the location, and detailed explanatory notes. **Critisch bulletin**, 1948 *Unser Fahrplan geht von Stern zu Stern* Joseph Strelka, Robert Weigel, 1992. M. Waidson, 1959. The principal aim of the pages that follow is to give an account of prose fiction written in Germany between 1945 and 1957. The decade which has just passed has been a lively period in the production of novels and shorter stories in Central Europe; moreover it draws together various phases of the German novel from earlier periods and allows us to examine works which while being freely open to external influences whether from England, America, Russia, France or elsewhere at the same time have their own peculiar stamp. From this contemporary writing we may legitimately deduce the existence of features which are peculiar to German fiction and ask where the special contribution of German novelists lies and what their particular problems are. p. 1 **Utopian Literature in the Pennsylvania State University Libraries** Arthur Orcutt Lewis, 1984.
