## **Still Single:**

**Married and Singles** Bukola Agunbiade Olajide, 2021-05-06 God never created a marriage to fail hurt or be frustrated The only reason marriage is failing today is simply because we are trying to do different things from what God designed it to be Every couple has 100 percent chances for a successful marriage only if they can do it the way God planned it The problem is not with the marriage it s couples ignorance in understanding each other The best couples are the couple that realised they have many differences and make every effort to work on their differences If you are already married but going through a rough patch or simply want to strengthen your bond by allowing God to restore your marriage this particular book is for you If you re single contemplating marriage choosing a life partner is one of the most important decisions to make in life The choice of life partner you make can determine the quality of your life in the future much more than any other decision you make in your life Many singles spend more time developing academic knowledge deciding where to go to college choosing the cause to study building physical fitness but spending little time or no time on choosing the right future partner which has led to many failures in marriages today If you give God a chance to choose for you he can give you a description of the kind of person that he desires you to marry For you to have a successful marriage and if you want God s blessing over your marriage which you do then it s better to listen to God about the kind of person he wants you to marry Love alone is not enough reason to marry

**Celebrating the Single Life** David Yount, 2009-02-24 American society is no longer defined by marriage Today an increasing majority of American households are headed by single men and women Even those Americans who do marry spend at least half of their adult lives alone Living on one s own presents unique challenges depending on one s age health and circumstances So the script for successful single living calls for different strategies for young adults the recently divorced single parents and those widowed or experiencing single life in later adulthood Here Dr Yount considers each group s special needs and challenges and offers a guide for leading a productive rewarding and fulfilling single life Single living he contends requires some core abilities overcoming loneliness reaching out to others developing faith in oneself and self respect keeping up with daily activities and maintaining good health security and a sense of humor This book helps readers learn to celebrate their single status and to find contentment and peace while living on their own These days if you are unmarried and pining for romance you are in a small minority Until recently most Americans considered single life to be a temporary situation during which one would simply wait for a soul mate to come along Those who remained unwed were pitied as bachelors and spinsters No longer These days most single men and women find autonomy in negotiating their way through life by relying on their own resources with marriage remaining one option but not an imperative Even those who do marry are getting married later and those who divorce or are widowed often choose to stay single With this trend toward singlehood increasing affirming the single life and making a success of it becomes all the more important Yount offers advice for creating a gratifying and happy single life at any stage and provides insight into those things that can contribute to a

satisfying single lifestyle He pinpoints areas that often get ignored by singles and proposes solutions to some of the pitfalls that can lead to loneliness or unhappiness Leading a fulfilling single life is not only possible it can in fact be rewarding in itself and Yount shows readers how to lead productive and creative lives as modern singles *Making A Comeback* Jeffrey A. Johnson,2008-09 If we are not living abundant lives how do we reclaim our lives in Christ Jesus said in John 10 10 The thief comes only to steal kill and destroy I am come that they might have life and that they might have it more abundantly Yet so many Christians fail to live an abundant life in fact too often they are just getting by just struggling to survive But God has so much more for us Many of us have sat passively and watched as the enemy of our souls has come like a thief stealing away our joy killing our bodies and destroying our families We have lost the abundance in our lives that Christ died to give us We allowed it to be taken from us while we watched apathetically as though we were only spectators of our own lives not followers of a risen active triumphant Christ The time for sitting still and bemoaning our lot in life is over God has empowered us to reclaim what we ve lost We can get our lives back Get our health back Get our minds back Get our families back Get our joy back We do not have to wallow in defeat We can make a comeback JEFFREY A JOHNSON SR is senior pastor of Eastern Star Church in Indianapolis Indiana a position he has held for over twenty years This is a church Where Jesus is Exalted and the Word is Explained More important to him than the size of his church the titles he holds or the places he s been he wants people to know that he loves Jesus He and his wife Sharon Henry Johnson are the parents of four sons This is his second book following *The Song of Solomon Love Sex and Relationships* **Marriages and Families in the 21st Century** Tasha R.
