Smell The Subtle Sense:

Smell, the Subtle Sense Alvin Silverstein, Virginia Silverstein, Robert Silverstein, 2000-05 Smell is one of your most important senses. It stimulates your appetite, influences the way you feel, warns you of danger, and even unlocks your memories. Yet it is your vaguest and most neglected sense. In this book, you will discover more about this mysterious sense and learn just how complex and essential it is in your own life and in those of other living creatures. Did you know that different types of smells influence the way you feel, think, and act, that your body odor can often be used in diagnosing an illness, and that you can distinguish 5,000 different odors but probably cannot describe the smell of a freshly baked cookie? Black and white illustrations. [Exploring the Senses](#) Axel Michaels, Christoph Wulf, 2017-09-19 This fascinating volume offers a transdisciplinary and transcultural approach to understanding the senses by exploring themes in anthropologies of sound, sight, smell, taste, touch, and movement as expressed through aesthetic, perceptual, religious, and spiritual experiences. In drawing upon comparative perspectives from Indian and Western theories, the essays demonstrate the integral relation of senses with each other as well as with allied notions of the body, emotion, and cultural memory. Stressing the continued relevance of senses as they manifest in a globalized world under the influence of new media, this work will interest scholars of anthropology, cultural studies, sociology, ritual studies, psychology, religion, philosophy, and history.

The Golden Sherpa Matthew Krajewski, 2014-02-05 In *The Golden Sherpa: Ascending into Magical Spirituality*, Matthew Krajewski invites spiritual seekers to follow him through a rainbow of heart-based spiritual practices. While one may explore diverse mystical practices, we can all sometimes doubt our authenticity and need some user feedback to assure us we are cultivating our own special divine light. Building on ideas from his first book *Modern Magic: Reclaiming Your Magical Heritage*, his follow-up book *The Golden Sherpa* details how it truly feels to experience spiritual energy. By teaching ourselves new ways to think by way of the heart, *The Golden Sherpa* articulates biological spiritual energy as our true nature, details the light and shadow of energy, as well as ways to passively and actively experience energy. Matthew Krajewski left a successful career in Silicon Valley to embrace being a spiritual writer and teacher, and he uses this journey to explore the struggles and joy we all experience when following our hearts. By following *The Golden Sherpa*, everyone can better understand energetic reality, explore their own magic, and ascend to new heights of integrated living.

Practical Tantra William Schindler, 2019-07-31 Though often associated with sexual practices, traditional Hindu Tantra presents a body of sophisticated psycho-physical techniques for attaining enlightenment. The tradition is often perplexing to the uninitiated due to Tantra's use of metaphors that serve to keep the teachings secret from outsiders. The author reveals the secrets and hidden meanings of important Tantric symbols and distills 50 years of practice and teaching into a form accessible to readers new to the tradition. Drawing on his own experience, the author presents a demystified and simplified version of Tantric practices that any sincere spiritual aspirant, East or West, can actually do.
