Issues in Science and Theology: Do Emotions Shape the World? Dirk Evers, Michael Fuller, Anne Runehov, Knut-Willy Sæther, 2016-04-14 This volume examines emotions and emotional well being from a rich variety of theological philosophical and scientific and therapeutic perspectives To experience emotion is a part of being human but what are emotions How can theology philosophy and the natural sciences unpack the nature and content of emotions This volume is based on contributions to the 15th European Conference on Science and Theology held in Assisi Italy It brings together contributions from scholars of various academic backgrounds from around the world whose individual insights are made all the richer by their juxtaposition with those from experts in other fields leading to a unique exchange of ideas The Social Nature of Emotion Expression Ursula Hess, Shlomo Hareli, 2019-12-12 This book provides an overview of theoretical thinking about the communicative scope of emotional expressions as well as an overview of the state of the art research in emotional psychology For many years research in emotional psychology has been primarily concerned with the labeling of emotion expressions and the link between emotion expressions and the expresser's internal state Following recent trends in research devoting specific attention to the social signal value of emotions contributors emphasize the nature of emotion expressions as information about the person and the situation including the social norms and standards relevant to the situation Focusing on the role of emotion expressions as communicative acts this timely book seeks to advance a line of theoretical thinking that goes beyond the view of emotion expressions as symptoms of an intrapersonal phenomenon to focus on their interpersonal function The Social Nature of Emotion Expression will be of interest to researchers in emotional psychology as well as specialists in nonverbal behavior communication linguistics ethology and ethnography *What the Face Reveals* Erika L. Rosenberg, Paul Ekman, 2020-06-15 For years What the Face Reveals has been a singular collection of previously published original research using the Facial Action Coding System FACS to study facial behavior Accompanying each article is an author commentary prepared for this book on the value of bringing FACS based measurement to their area of study The new third edition includes new research findings and applications and extends the focus of earlier volumes to showcase the development of Animal FACS systems and applications of automated FACS measurement What the Face Reveals is an indispensable reference to anyone who uses FACS in their research as the studies showcased here employ a variety of methodological and design technique for the use of FACS that could be replicated or extended in other research contexts New to this Edition Revised to include 50% new contributions reflecting changes in facial measurement in the 21st century New structure organized around six areas of FACS research Animal FACS Automated Measurement Basic Affective Science Development

Pain Psychopathology and Social and Health Psychology *Interactional Humor* Béatrice Priego-Valverde, 2023-12-04 The central question explored in this volume is How is humor multimodally produced perceived responded to and negotiated To this end it offers a panorama of linguistic research on multimodal and interactional humor based on different theoretical frameworks corpora and methodologies Humor is considered as an activity that is interactionally achieved regardless of whether the interaction in which it is embedded is face to face computer mediated with a human or a robot oral or written The aim is to analyze both the linguistic resources of the participants such as their lexicon prosody gestures gazes or smiles and the semiotic resources that social networks and instant messaging platforms offer them such as memes gifs or emojis
