Brandow, William A. Ewing, 2007 By far the most lavish thoughtfully selected and beautifully produced book of Steichen's work ***The Oxford Companion to American Military History***, ***The 20th Century O-Z*** Frank N. Magill, 2013-05-13 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who's who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual's life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual's place in history All entries conclude with a fully annotated bibliography ***The Journal of Military History***, 2005-10 ***Becoming O'Keeffe*** Sarah Whitaker Peters, 1991

In this illustrated study Peters traces the strands of Art Nouveau and Symbolist theory in the art of Georgia O'Keeffe Limiting her study to the period between 1915 and 1930 when O'Keeffe defined her essential artistic beliefs and style she discusses the many influences on her photographer friend Paul Strand Peters also analyzes the relationship between O'Keeffe's painting and the photography and philosophy of her husband Alfred Stieglitz ISBN 0 89659 907 8 39 95

***Dictionary of World Biography: The 20th century, O-Z*** Frank Northen Magill, Christina J. Moose, Alison Aves, 1999-11 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who's who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual's life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual's place in history All entries conclude with a fully annotated bibliography

Finnegan, 2006 What is remarkable about photography's role in the war is photography was already a well established fixture of the modern 19th century society The aura of aviation's beginnings reflected countless attempts to consolidate known technologies into a reliable and workable framework It was the aeroplane that became the driving force of aerial observation in the Great War It's ability to command the high ground and provide a concise view of the battle area both tactically and strategically would enamor both combatants and the public at large to new methods of warfare Aerial observation quickly became an important resource as the forces maneuvered in the drive towards Paris This comprehensive resource will interest military history and aviation enthusiasts as well as persons in the intelligence field and the coordinating illustrations that include aircraft cameras people aerial photos and maps varying in scales enhance the reader's experience ***Signs of Life*** Alfred Appel, 1983 ***A Letter from Japan*** Carolyn Peter, John W. Dower, John Swope, 2006 As one of the first American photographers to set foot on Japanese soil at the end of World War II even before Japan had officially surrendered John

Swope experienced and recorded a critical peculiar and fragile moment in the history of Japan and a war torn world His powerful photographic essay is complemented by a 144 page letter that he wrote to his wife the actress Dorothy McGuire which describes in detail his experiences and emotional reactions to all that he saw and photographed Swope went to Japan as part of the elite team of Edward Steichen Naval photographers to document the release of Allied prisoners of war but he went far beyond his official duties During a three and a half week period he took photographs that vividly convey the impact of World War II on the local population and the land as well as the Allied prisoners Having visited Japan fifteen years before as a young man Swope struggled in 1945 with the numerous contradictions he observed and felt His photographs together with his words convey a poignant highly personal view of this world in limbo expressing a great sense of humanity and sensitivity for people on both sides of the conflict The book honors Swope s original intention of bringing together his photographs with the letter he wrote to his wife individual images are juxtaposed with short excerpts The book presents 114 color plates and gives insight into Swope s larger pursuit of capturing the universal human experience by also including highlights from his work as a Hollywood photographer from his Life magazine career and from his international travels from the 1930s to the 1970s     **War & Conflict** United States.
