**Yasuo Deguchi**

## Still Thoughts Volume 2:

**The Cambridge History of Modern European Thought: Volume 2, The Twentieth Century , The Retrospective Review Vol 2** Yasuo Deguchi,2024-11-01 Founded in 1820 by Henry Southern The Retrospective Review aimed to recall the public from an exclusive attention to new books by making the merit of old ones the subject of critical discussion This edition reproduces in facsimile all 18 volumes of the periodical published between 1820 1854 *Main Currents in Sociological Thought: Volume 2* Raymond Aron,2018-10-03 This is the second of Raymond Aron s classic two volume survey of the sociological tradition arguably the definitive work of its kind Aron explores the work of three figures who profoundly shaped sociology as it entered the twentieth century mile Durkheim who continued Auguste Comte s quest for a science of society and a scientific validation of morality Vilfredo Pareto the Italian neo Machiavellian who emphasized the oligarchic or elitist character of all societies and the German sociologist Max Weber who reflected critically on the prospects for human freedom in an age marked by bureaucratization and rationalization Aron presents rich portraits of these three thinkers drawing out the enduring insights that remain in their work At the same time he reflects critically on Durkheim s project for a science of society Pareto s critique of humanitarianism and Weber s tragic pessimism Above all the book is remarkable for demonstrating Aron s lifelong indebtedness to and divergence from the thought of Max Weber the sociologist par excellence in Aron s view This Routledge Classics edition includes an introduction by Daniel J Mahoney and Brian C Anderson
