Teacher-Made Assessments Christopher Gareis, Leslie W. Grant, 2015-03-24 Assessment is not only a measure of student learning but a means to student learning This bestselling book guides you in constructing and using your own classroom assessments including tests quizzes essays and rubrics to improve student achievement You will learn how to weave together curriculum instruction and learning to make assessment a more natural useful part of teaching Find out how to ensure your assessments are fair reliable and valid construct assessments that meet the level of cognitive demand expected of students create select response items and understand technology enhanced items that are increasingly being used on assessments use constructed response items and develop scoring criteria such as rubrics and analyze student results on assessments and use feedback more effectively This second edition features updated examples that reflect the Common Core State Standards as well as other content standards and new useful samples of teacher friendly techniques for strengthening classroom assessment practices No matter what grade level or subject area you teach this practical book will become your go to resource for designing effective assessments **Teacher Made Materials that Really Teach!** Judy Herr, Yvonne

Libby-Larson, Dawn Tennyson-Grimm, 2004 The author created this unique resource text realizing that students needed one place to record their ideas thoughts and best practices from their observation and student teaching experiences The beginning of the text contains chapters that teach students who and what to observe for each chapter The next section gives students step by step instructions on how to reflect on their recorded observations The last section is an actual journal that gives students additional space to record their thoughts and ideas Later when students have their own classrooms to manage they will be able to refer back to this journal and incorporate their previous experiences into their lesson plans and activities

The Construction and Use of Teacher-made Tests National League for Nursing, Mary R. Shields, 1965 **Handbook of Research on Assessment Literacy and Teacher-Made Testing in the Language Classroom** White, Eddy, Delaney, Thomas, 2018-11-23 The evaluation of student performance and knowledge is a critical element of an educator s job as well as

an essential step in the learning process for students The quality and effectiveness of the evaluations given by educators are impacted by their ability to create and use reliable and valuable evaluations to facilitate and communicate student learning The Handbook of Research on Assessment Literacy and Teacher Made Testing in the Language Classroom is an essential reference source that discusses effective language assessment and educator roles in evaluation design Featuring research on topics such as course learning outcomes learning analytics and teacher collaboration this book is ideally designed for educators administrative officials linguists academicians researchers and education students seeking coverage on an educator s role in evaluation design and analyses of evaluation methods and outcomes
