

DECONSTRUCTION

- Invites us to “unravel” the constructs around us and to re-examine appearance and reality
- Seeks to show that a literary work is self-contradictory
- In high school we teach that meanings are “fixed” there is an “answer” or meaning behind works of art. So how does this explain that people have different interpretations of what art is?
- Most high school teachers would never teach this form of analysis

stakeholding social justice and human rights Concluding that inclusion owes more to political theory than to psychology or sociology the authors suggest that a rethink is needed about the ways in which we come by educational knowledge This is important reading for students of education and for teachers advisers and educational psychologists BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Theorizing Composition* Mary Kennedy,1998-06-25 The last 25 years have witnessed extraordinary growth in the academic specialization variously described as composition studies or rhetoric and composition What was noticeable about the field in its infancy was a preoccupation with practice a lack of emphasis on theory and an exclusive reliance on the writing process As its disciplinary status has grown the field has become far more theoretical Composition studies has expanded its focus reconceptualized the writing process and embraced a wide range of critical perspectives The result of this change is that terms such as poststructuralism social construction gender and genre which were largely unknown in 1965 now dominate discussion This reference book is a guide to the multiplicity of theories that have emerged to form the disciplinary foundation of composition studies The volume consists of 66 entries each of which is written by an expert contributor and focuses on a particular theory or group of theories While the entries show how various individuals have contributed to theoretical movements very few concentrate on the work of a single theorist Each entry first provides a critical summary of a particular theory or group of theories including key elements basic concepts and claims and information about seminal or particularly influential works It then reviews the theory s critical reception in composition studies and discusses its significance in the field The bibliography at the end of each entry lists primary texts and major scholarship related to the theory and provides additional suggestions for further reading The volume closes with a selected bibliography of important works *Understanding Scientific Prose* Jack Selzer,1993 Studies one scientific essay The Spandrels of San Marco and the Panglossian Paradigm A Critique of the Adaptationist Programme by evolutionary theorists Stephen Jay Gould and Richard C Lewontin as an example to demonstrate and test new analytical approaches to scientific rhetoric **Handbook of Family Life Education** Margaret E. Arcus,Jay D. Schvaneveldt,J. Joel Moss,1993-09-28 The first synthesis of the field the two volumes of the Handbook of Family Life Education provide a critical perspective on family life education in theory and practice Volume One discusses the nature history and scope of the field The contributors concentrate on the crucial question of values on issues of professionalization of family life educators and on programme planning and evaluation The most important components in family life education are discussed including topics such as race ethnicity gender and religion **Cultural Studies in the English Classroom** James A. Berlin,Michael Vivion,1992 Cultural Studies in the English Classroom is the first book of its kind to provide concrete models of cultural studies programs and classrooms for high school and college teachers
