

Introduction to Thai Literature

The country has always been called **Mueang Thai** by its citizens; but by others, by the exonym *Siam*, identified with the Sanskrit *Śyāma* (meaning "dark" or "brown"). The word Thai is not, as commonly believed, derived from the word Thai meaning "independence" in the Thai language; it is, however, the name of an ethnic group from the central plains (the Thai people). The Thai use the phrase "land of the freedom" that expresses pride in the fact that Thailand is the only country in Southeast Asia never colonized by a European power.

Thailand's prevalent religion is **Theravada Buddhism**. According to the 2000 census, 94.6% of the country's population self-identified as Buddhists of the Theravada tradition. *Muslims* constitute the second largest religious group in Thailand, comprising 4.6% of the population. *Christians* represent 0.7% of the population, with the remaining population consisting of *Sikhs and Hindus*, who live mostly in the country's cities. There is also a small but historically significant *Jewish*.

Thai culture has been shaped by many influences, including Indian, Lao, Burmese, Cambodian, and Chinese. Thailand's national religion, *Theravada Buddhism*, is central to modern Thai identity.

Thailand (Siam)

It is presumed that Thais originated in China and migrated down to Thailand along the southern part of China.

They split into two main groups.
