

The 1960s

Timothy P. Maga

The 1960s:

The 1960s in Sports , Miles Coverdale Jr.,2020-04-27 This book includes the most significant sporting events of the 1960s covering all the moments that generated tremendous growth in professional and college sports in America during this decade It features stories such as Roger Maris breaking Babe Ruth s home run record Wilt Chamberlain scoring 100 points and Muhammad Ali beating Sonny Liston Sports became a national obsession in the 1960s as people tuned in on their new televisions to watch the exploits of some of the most legendary athletes and teams in history It was the decade of Mickey Mantle Jim Brown Bill Russell Bobby Hull and Arnold Palmer the decade when the Celtics dominated basketball Joe Namath delivered on his Super Bowl guarantee and the Miracle Mets won the World Series In *The 1960s in Sports A Decade of Change* Miles Coverdale looks back at what was arguably the greatest decade in sports history when the sports world of today began to take shape during a very tumultuous period of American history At the start of the decade thirteen years after Jackie Robinson broke the color barrier in baseball major league rosters were still populated mostly by white Americans The NFL and NBA were struggling financially and were much less popular than college football and basketball The Olympics were still open only to amateur athletes But the sports landscape changed dramatically in the 1960s Coverdale traces this development by covering the significant events and iconic players of the decade including stars such as Sandy Koufax Johnny Unitas Bobby Orr and Jack Nicklaus There were great teams and incredible rivalries and professional and college sports alike expanded and thrived Featuring over 70 photos of legendary athletes and memorable moments *The 1960s in Sports* transports the reader back to a golden age in sports With additional coverage of important historical events such as the Cold War Vietnam and the Civil Rights Movement this book also reveals how social and political events impacted the sports world making it an invaluable resource for anyone interested in this significant decade

Leaders from the 1960s David De Leon,1994-06-22 The throngs at Woodstock Jane Fonda in Hanoi I Have a Dream burning draft cards fire in the streets these images of the 1960s are still very much alive today What happened to the people and principles that dominated that decade Which leaders from those turbulent years had the most lasting effect on our lives today How well have the principles for which those leaders fought so strongly withstood the test of time This thought provoking biographical dictionary allows the reader to study the leaders both conservative and liberal their ideals and their enduring influence With major sections on racial democracy peace and freedom sexuality and gender the environment radical culture and visions of alternative societies *Leaders from the 1960s* includes entries on a wide selection of nationally prominent activists of the 1960s In addition to those who dominated only the sixties the volume includes earlier activists who came into prominence in the 1960s and activists of the era who came into prominence since the 1960s Each entry provides a biographical sketch but the focus of the entries is on the person s basic concepts or the essence of his or her work and the public response it generated Included are extensive bibliographies on the individuals and the period

The Religious Crisis of the 1960s Hugh McLeod,2007-11-23 The 1960s

were a time of explosive religious change In the Christian churches it was a time of innovation from the new theology and new morality of Bishop Robinson to the evangelicalism of the Charismatic Movement and of charismatic leaders such as Pope John XXIII and Martin Luther King But it was also a time of rapid social and cultural change when Christianity faced challenges from Eastern religions from Marxism and feminism and above all from new affluent lifestyles Hugh McLeod tells in detail using oral history how these movements and conflicts were experienced in England but because the Sixties were an international phenomenon he also looks at other countries especially the USA and France McLeod explains what happened to religion in the 1960s why it happened and how the events of that decade shaped the rest of the 20th century **British Car**

Advertising of the 1960s Heon Stevenson,2015-03-27 During the 1960s the automobile finally secured its position as an indispensable component of daily life in Britain Car ownership more than doubled from approximately one car for every 10 people in 1960 to one car for every 4.8 people by 1970 Consumers no longer asked Do we need a car but What car shall we have This well illustrated history analyzes how both domestic car manufacturers and importers advertised their products in this growing market identifying trends and themes Over 180 advertisement illustrations are included **Catholic Higher**

Education in the 1960s Anthony J. Dosen,2009-09-03 This book examines the transitions of Catholic institutions in the 1960s as they updated governance structures while maintaining their Catholic identity in the post Vatican II era It is valuable for historians of education and Catholic education offering insights into balancing religious identity with contemporary challenges **Berkeley at War : The 1960s** W.J. Rorabaugh Professor of History University of Washington,1989-05-04

Berkeley California was the bellwether of the political social and cultural upheaval that made the 1960s a unique period of American history a time when the top down methods of a conservative establishment collided head on with the bottom up grass roots ethos of the civil rights movement and an increasingly well educated and individualistic middle class W J Rorabaugh who attended the graduate school of the University of California at Berkeley in the early 1970s presents a lively and informative account of the events that overtook and changed forever what had once been a quiet conservative white suburb The rise of the Free Speech Movement which gave a voice to disfranchised students the growth and increasing militance of a black community struggling to end segregation the emergence of radicalism and the anti war movement the blossoming of hippie culture with its scorn for materialism and enthusiasm for experimentation with everything from sex and drugs to Eastern philosophies the beginnings of modern day feminism and environmentalism and how all of these coalesced in the explosive conflict over People's Park are traced in a meticulously researched and authoritative narrative At issue was the question of power and the struggle between the establishment and the powerless led to developments that the advocates of a freer society could scarcely have foreseen Ronald Reagan elected governor of California in reaction to the events at Berkeley and Edwin H Meese III who battled against the student movement and People's Park rose to national power in the 1980s without however gaining any popularity in Berkeley where Walter Mondale won 83 percent of the vote in 1984 An

invaluable account of its time and place this book anchors the 60s in American history both before and since that colorful decade

Modern American Drama: Playwriting in the 1960s Mike Sell, 2019-11-14 The Decades of Modern American Drama series provides a comprehensive survey and study of the theatre produced in each decade from the 1930s to 2009 in eight volumes Each volume equips readers with a detailed understanding of the context from which work emerged an introduction considers life in the decade with a focus on domestic life and conditions social changes culture media technology industry and political events while a chapter on the theatre of the decade offers a wide ranging and thorough survey of theatres companies dramatists new movements and developments in response to the economic and political conditions of the day The work of the four most prominent playwrights from the decade receives in depth analysis and re evaluation by a team of experts together with commentary on their subsequent work and legacy A final section brings together original documents such as interviews with the playwrights and with directors drafts of play scenes and other previously unpublished material The major playwrights and their plays to receive in depth coverage in this volume include Edward Albee *The American Dream* 1960 *Who's Afraid of Virginia Woolf* 1962 *A Delicate Balance* 1966 and *Tiny Alice* 1964 Amiri Baraka *Dutchman* 1964 *The Slave* 1964 and *Slaveship* 1967 Adrienne Kennedy *Funnyhouse of a Negro* 1964 *Cities in Bezique* *The Owl Answers* and *A Beast's Story* 1969 and *A Rat's Mass* 1967 Jean-Claude van Itallie *American Hurrah* 1966 *The Serpent* 1968 and *War* 1963

American Theater of the 1960s Zoltán Szilassy, 1986 From the perspective of a Hungarian scholar who has spent much time in the United States Zoltán Szilassy seeks through the dramaturgical kaleidoscope of the American 1960s to locate what is permanent in some of the varied heritage of the period and to explore the whirlpool of innovations many of which are nondramatic in origin or character The book is divided into two parts *The Rebellious Drama* and *The Intermedia* The three chapters in Part 1 are Edward Albee *First among Equals* *Varieties of the Albee Generation* and *The Dramaturgical Kaleidoscope of the Sixties* Part 2 contains *Happenings* and *New Performance Theories* *The Regional Alternative Theater* and *Conclusion Outlook and Reminiscences* Surveying the American dramatic scene Szilassy concludes The European observer may still hope that Americans will keep or rather develop the kind of theatrical equilibrium that duly made the sixties unforgettable both at home and abroad

After the End of History Samuel Cohen, 2009-10-01 In this bold book Samuel Cohen asserts the literary and historical importance of the period between the fall of the Berlin wall and that of the Twin Towers in New York With refreshing clarity he examines six 1990s novels and two post 9/11 novels that explore the impact of the end of the Cold War Pynchon's *Mason Dixon* Roth's *American Pastoral* Morrison's *Paradise* O'Brien's *In the Lake of the Woods* Didion's *The Last Thing He Wanted* Eugenides's *Middlesex* Lethem's *Fortress of Solitude* and DeLillo's *Underworld* Cohen emphasizes how these works reconnect the past to a present that is ironically keen on denying that connection Exploring the ways ideas about paradise and pastoral difference and exclusion innocence and righteousness triumph and trauma deform the stories Americans tell themselves about their nation's past *After the End of History* challenges us to

reconsider these works in a new light offering fresh insightful readings of what are destined to be classic works of literature At the same time Cohen enters into the theoretical discussion about postmodern historical understanding Throwing his hat in the ring with force and style he confronts not only Francis Fukuyama s triumphalist response to the fall of the Soviet Union but also the other literary and political end of history claims put forth by such theorists as Fredric Jameson and Walter Benn Michaels In a straightforward affecting style After the End of History offers us a new vision for the capabilities and confines of contemporary fiction *Child Mortality Since the 1960s* United Nations. Department of Economic and Social Development,1992 **The 1960s** Timothy P. Maga,2014-05-14 Traces the history of the United States during the 1960s through such primary sources as memoirs letters contemporary journalism and official documents *Radical Conservatism* Robert Brent Toplin,2006 An unflinching look at the origins philosophy meanings and impact of the radical form of conservatism that currently dominates American politics Analyzing the literature books magazines newspapers and broadcast sources that define and promote conservatism Toplin leads the reader on a provocative tour of the conservative mind as viewed by a liberal tour guide *The Development of Rural America* George Lorin Brinkman,1974 *Black San Francisco* Albert S. Broussard,1993 This work explores race relations in the city of San Francisco where whites for the most part were outwardly civil to blacks while denying them employment opportunities and political power The author argues that it is essential to understand the nature of the racial caste system **The Bully Pulpit** James L. Guth,1997 Drawing on two decades of survey research involving thousands of ministers nationwide five social scientists explore the political lives of clergy in eight evangelical and mainline Protestant denominations including the Assemblies of God Southern Baptist Convention United Methodist Church and Presbyterian Church They find that the competing theological perspectives of orthodoxy and modernism are increasingly tied to ideological and partisan divisions in American politics and help illuminate the current relationship between church and state in America Paper edition unseen 19 95 Annotation copyrighted by Book News Inc Portland OR **Lady Bird Johnson and the Environment** Lewis L. Gould,1988 Gould American history U of Texas Austin has dusted off updated and thinned his 1988 Lady Bird Johnson and the Environment to kick off the new series on the wives of US presidents He draws on Johnson s White House papers and interviews with her and her close associates to argue that she was one of the most politically active First Ladies though her concern with the environment was overshadowed by protests against the Vietnam War Annotation copyrighted by Book News Inc Portland OR **UFOs and Abductions** David Michael Jacobs,2000 Examining the nature of UFO evidence the authors present a primer for scholars skeptics and others uneasy about investigating the field of UFOs The volume also brings together three bestselling authors David M Jacobs Budd Hopkins and Pulitzer Prize winner John Mack widely known for their writings on the controversial alien abduction phenomenon **Rediscovering the Democratic Purposes of Education** Lorraine McDonnell,P. Michael Timpane,Roger W. Benjamin,2000 Why do America s public schools seem unable to meet today s social challenges As

competing interest groups vie over issues like funding and curricula we seem to have lost sight of the democratic purposes originally intended for public education Public schools were envisioned by the Founders as democratically run institutions for instilling civic values but today's education system seems more concerned with producing good employees than good citizens Meanwhile our country's diversity has eroded consensus about citizenship and the professionalization of educators has diminished public involvement in schools This volume seeks to demonstrate that the democratic purposes of education are not outmoded ideas but can continue to be driving forces in public education Nine original articles by some of today's leading education theorists cut a broad swath across the political spectrum to examine how those democratic purposes might be redefined and revived It both establishes the intellectual foundation for revitalizing American schools and offers concrete ideas for how the educational process can be made more democratic The authors make a case for better empirical research about the politics of education in order to both reconnect schools to their communities and help educators instill citizenship An initial series of articles reexamines the original premise of American education as articulated by important thinkers like Jefferson and Dewey A second group identifies flaws in how schools are currently governed and offers models for change A final section analyzes the value conflicts posed by the twin strands of democratic socialization and governance and their implications for education policy Spanning philosophy history sociology and political science this book brings together the best current thinking about the specifics of education policy vouchers charter schools national testing and about the role of deliberation in a democracy It offers a cogent alternative to the exchange paradigm and shows how much more needs to be understood about an issue so vital to America's future

Democracy Heading South Augustus B. Cochran, 2001 For Cochran the sense of déjà vu is overwhelming and alarming

BOOK JACKET *Regime Politics* Clarence Nathan Stone, 1989 From the end of Georgia's white primary in 1946 to the present Atlanta has been a community of growing black electoral strength and stable white economic power Yet the ballot box and investment money never became opposing weapons in a battle for domination Instead Atlanta experienced the emergence and evolution of a biracial coalition Although beset by changing conditions and significant cost pressures this coalition has remained intact At critical junctures forces of cooperation overcame antagonisms of race and ideology While retaining a critical distance from rational choice theory author Clarence Stone finds the problem of collective action to be centrally important The urban condition in America is one of weak and diffuse authority and this situation favors any group that can act cohesively and control a substantial body of resources Those endowed with a capacity to promote cooperation can attract allies and overcome oppositional forces On the negative side of the political ledger Atlanta's style of civic cooperation is achieved at a cost Despite an ambitious program of physical redevelopment the city is second only to Newark New Jersey in the poverty rate Social problems conflict of interest issues and inattention to the production potential of a large lower class bespeak a regime unable to address a wide range of human needs No simple matter of elite domination it is a matter of governing arrangements built out of selective incentives and

inside deal making such arrangements can serve only limited purposes The capacity of urban regimes to bring about elaborate forms of physical redevelopment should not blind us to their incapacity to address deeply rooted social problems Stone takes the historical approach seriously The flow of events enables us to see how some groups deploy their resource advantages to fashion governing arrangements to their liking But no one enjoys a completely free hand some arrangements are more workable than others Stone s theory minded analysis of key events enables us to ask why and what else might be done Regime Politics offers readers a political history of postwar Atlanta and an elegant innovative and incisive conceptual framework destined to influence the way urban politics is studied

Immerse yourself in the artistry of words with Experience Art with is expressive creation, **The 1960s** .
