## **A Look at the Thirteenth and Fourteenth Amendments**

John Richard Conway, 2009 Looks at the reasons for the adoption of the 13th and 14th Amendments. Describes the laws it sets forth and discusses challenges to and violations of the amendments.

*From Uncle Tom's Cabin to The Help* C. Garcia, V. Young, C. Pimentel, 2014-08-13 This book surveys the cultural, literary, and cinematic impact of white-authored films and imaginative literature on American society from Harriet Beecher Stowe's *Uncle Tom's Cabin* to Kathryn Stockett's *The Help*.

Whitewashing War Christopher Leahey, 2015-04-24 *Whitewashing War* explores perhaps the most critical issue social studies educators presently face: How do we teach our students about war? In this timely book, Christopher Leahey investigates how the political struggles over the social studies curriculum, the corporate domination of the textbook and testing industry, and the curricular constraints of the No Child Left Behind Act combine to stifle historical inquiry and deprive students of meaningful social studies instruction. Using the controversial Vietnam War as a case study, Leahey holds textbook narratives up to the light, illuminating how the adoption process, interpretive framework, and selection of evidence combine to transform the past into thinly veiled historical myths. By attending to questions traditionally ignored in history education, this dynamic book challenges educators to rethink their pedagogical approaches to military conflict.

American and otherwise. Calls on teachers to develop students' critical sensibilities to ask questions, conduct research, evaluate evidence, and make meaning of the past. Provides classroom lessons for history educators and students to engage in rich intellectual encounters with the historical record.

Christopher R. Leahey teaches world history in upstate New York. His articles have appeared in *Social Education* and *The Social Studies*. If students are to be prepared for the challenges of the 21st century, then we need to provide inspired interdisciplinary instruction that can provide the skills, values, and knowledge to enable our future citizens with the possibility, promise, and perspective to transform their world. *Whitewashing War* provides that solid interdisciplinary framework for teachers and students to teach and learn about the myth of war.

Critical Education Leahey echoes a concern expressed by others that history textbooks fail to address the realities of war. CHOICE The crowning achievement of *Whitewashing War* is that it clearly illustrates the necessity of pursuing rational answers about why things are as they are or were as they were. It becomes clear upon reading this book that if we help our students pursue rational answers in the course of creating personally meaningful understandings of the world, they will figure out just what it is that needs to be done. From the Foreword by E. Wayne Ross, University of British Columbia. The author has done a masterful

job of exploring issues of historiography pedagogy textbook debates and critical thinking Through a deep examination of two historical turning points in the Vietnam War he has contrasted the known facts of these periods with the accounts contained in the textbooks Rick Ayers Graduate School of Education UC Berkeley A passionate and powerful analysis Christopher Leahey provides penetrating insight into how Americans teach about their wars As such his book is an invaluable aid to understanding the past and its connection to our current predicament Fredrik Logevall Cornell University Whitewashing War challenges the fundamental assumptions underlying the corporate regime of standards textbooks and testing and exposes the distortions manipulation and lies that result Leahey builds a compelling case for critical inquiry and dialogue Highly recommended Ronald W Evans San Diego State University author of *The Social Studies Wars* **American Book**
