Monthly Catalog of United States Government Publications ,1981 *The Revised Statutes, Codes and General Laws of the State of New York* New York (State),1896 **Fruit and Tree Nuts Situation and Outlook Yearbook** ,2002 Fruit

and Tree Nuts Situation and Outlook Yearbook October 2002 , The Origins of SDI, 1944-1983 Donald R. Baucom,1992

Most people think Star Wars began with the ideas of Ronald Reagan but its roots reach decades further back In this first scholarly account of the origins of the Strategic Defense Initiative SDI historian Don Baucom traces these roots back to the dawn of the missile age in 1944 He finds SDI emerging after a period of nearly 40 years from forces generated by technological developments changing strategic conditions and the collapse of the SALT arms control negotiations of the 1970s **The Revised Statutes of the State of New York** New York (State),1882 Governmental Finances in ... ,1976

Legislature. Assembly,1899 *The Carter Presidency* Gary M. Fink,Hugh Davis Graham,1998 After the Nixon and Ford administrations liberal Democrats hoped Jimmy Carter s election in 1976 would restore the New Deal agenda in the White House Instead during four tumultuous years in office Carter endorsed many of the fiscal and economic policies later espoused by his Republican successor Ronald Reagan But Carter also backed most New Deal social programs and however reluctantly pursued a traditional containment foreign policy In this book more than a dozen eminent scholars provide a balanced overview of key elements of Carter s presidency examining the significance of his administration within the context of evolving American policy choices after World War II They seek not only to understand the troubled Carter presidency but also to identify the changes that precipitated and accompanied the demise of the New Deal order By the time Carter took office many Americans had become disenchanted with big government and welfare spending and his presidency is viewed in these pages as a transitional administration As this volume demonstrates Carter s dilemma emerged from his effort to steer a course between traditional expectations of federal government and new political and economic realities While most of the contributors agree that his administration may be justly criticized for failing to find that course they generally conclude that Carter was more successful than his critics acknowledge These thirteen original essays cover such topics as the economy trade and industrial policies welfare reform energy environment civil rights feminism and foreign policy They offer thoughtful assessments of Carter s performance focusing on policy both as cause and effect of the post industrial transformation of American society that shadowed his administration A final essay shows how Carter s public spirited post presidential career has made him one of America s greatest ex presidents Grounded on research conducted at the Carter Library *The Carter Presidency* is an incisive reassessment of an isolated Democratic administration from the vantage point of twenty years It is a milestone in the historical appraisal of that administration inviting us to take a new look at Jimmy Carter and see what his

presidency represented for a dramatically changing America World Development Report ,1991 This report synthesizes and interprets the lessons of more than forty years of development experience Together with last year s report on poverty and next year s on the environment it seeks to provide a comprehensive overview of the development agenda The 1990s began with dramatic changes as many countries in Eastern Europe and elsewhere initiated ambitious reforms of their economic and political systems Against the backdrop of these transitions this report links the historical debates that counseled policymakers in their past decisions the lessons of experience and the evolving thought on how best to proceed One of the most valuable lessons relates to the interaction between the state and the market in fostering development It describes a market friendly approach in which governments allow markets to function well and in which governments concentrate their interventions on areas in which markets prove inadequate The report looks at four main aspects of the relationship between governments and markets a investing in people b the climate for enterprises to flourish c the integration of countries with the global economy and d a stable macroeconomic foundation for sustained progress The report stresses that above all the future of developing countries is in their own hands Domestic policies and institutions hold the key to successful development **Documents of the Assembly of the State of New York** New York (State). Legislature. Assembly,1880 *Labor Area Summary* ,1982 **Public and Local Acts of the Legislature of the State of Michigan** Michigan,1872 **The Journal of the Senate ... of the Legislature of the State of California ...** California. Legislature. Senate,1899 Lok Sabha Debates India. Parliament. Lok Sabha,1983 **Constitutional Conflicts Between Congress and the President** Louis Fisher,1997 This text dissects the crucial constitutional disputes between the executive and the legislative branches of government from the Constitutional Convention to the beginning of the Bush administration It analyzes areas of tension within a political and historical context **A Digest of the Statute Law of the State of Pennsylvania** John Purdon,1895
