Paine,2018-08-14 The Old Merchant Marine A chronicle of American ships and sailors by Ralph Delahaye Paine The story of American ships and sailors is an epic of blue water which seems singularly remote almost unreal to the later generations A people with a native genius for seafaring won and held a brilliant supremacy through two centuries and then forsook this heritage of theirs The period of achievement was no more extraordinary than was its swift declension A maritime race whose topsails flecked every ocean whose captains courageous from father to son had fought with pike and cannonade to defend the freedom of the seas turned inland to seek a different destiny and took no more thought for the tall ships and rich cargoes which had earned so much renown for its flag Vanished fleets and brave memories a chronicle of America which had written its closing chapters before the Civil War There will be other Yankee merchantmen in times to come but never days like those when skippers sailed on seas uncharted in quest of ports mysterious and unknown The Pilgrim Fathers driven to the northward of their intended destination in Virginia landed on the shore of Cape Cod not so much to clear the forest and till the soil as to establish a fishing settlement Like the other Englishmen who long before 1620 had steered across to harvest the cod on the Grand Bank they expected to wrest a livelihood mostly from salt water The convincing argument in favor of Plymouth was that it offered a good harbor for boats and was a place of profitable fishing Both pious and amphibious were these pioneers whom the wilderness and the red Indian confined to the water s edge where they were soon building ships to trade corn for beaver skins with the Kennebec colony Even more energetic in taking profit from the sea were the Puritans who came to Massachusetts Bay in 1629 bringing carpenters and shipbuilders with them to hew the pine and oak so close at hand into keelsons frames and planking Two years later Governor John Winthrop launched his thirty ton sloop Blessing of the Bay and sent her to open friendly commercial relations with the Dutch of Manhattan Brisk though the traffic was in furs and wampum these mariners of Boston and Salem were not content to voyage coastwise Offshore fishing made skilled adventurous seamen of them and what they caught with hook and line when dried and salted was readily exchanged for other merchandise in Bermuda Barbados and Europe We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been
