The Old Testament Pseudepigrapha Patriarchs Prophets In Early Judaism:

The Old Testament Pseudepigrapha David Syme Russell,1987 A marked characteristic of Judaism in the centuries surrounding the time of Jesus was its pseudepigraphical writing books which did not bear the name of their actual author but were attributed to figures from the past particularly patriarchs and prophets In this book Dr Russell shows the developments in the understanding of the character and function of these figures as they appear from the pseudepigrapha He begins by looking at developments related to his theme in Philo and Josephus the rabbinic literature and the Dead Sea scrolls He then goes on to consider Adam Enoch and Noah Daniel Job Abraham Isaac and Jacob the twelve patriarchs Moses and Ezra and then the lives of the prophets and the eschatological prophets Now that the importance of Jewish literature of this period is increasingly understood and texts are more easily accessible this new study will be found particularly useful for seeing familiar figures of the Old Testament not just through perspectives shaped by Christian tradition or modern historical criticism but as they were seen by Jews at the time when they were written D S Russell was formerly General Secretary of the Baptist Union of Great Britain and Ireland He has specialized in studies of this period *Ancient Israelite And Early Jewish Literature* Th.
