Edge The Mystical Writings of Llewellyn Vaughan Lee is a vast and comprehensive anthology of a lifetime's work as well as a deeply personal telling of the author's own spiritual journey. Spanning more than three decades of teachings, this book of hand-picked sayings from selected writings, interviews, and some never before published works shares wisdom from Vaughan Lee's three distinct and interrelated focus areas: Sufism, oneness, and the interdependence of life and Spiritual Ecology, a call to know and relate to the Earth as a sacred being. Throughout Vaughan Lee seamlessly weaves in the story of one soul's journey including the sorrows, ecstasy, and ultimately the love at the foundation of his life and path. Whether through personal reflections or general teachings, the book compels readers to embrace the Original Instructions that can align humanity at this time of cultural and ecological upheaval. Relevant to the committed spiritual seeker as well as to anyone searching for meaning, Words from the Water's Edge provides inspiration and guidance for how to live in and beyond these broken times. Specific chapters explore topics such as the transformative power of love on the spiritual path, ways in which the Earth grows and changes in harmony with human consciousness, and how we can collectively respond to the Earth's need for relationships of care amidst the current climate crisis. For those familiar with Vaughan Lee's recent work, they will recognize a tone of sorrowful acknowledgement of humanity's missed opportunities for cultural regeneration and spiritual evolution. However, Words from the Water's Edge includes timely guidance on how to take responsibility for a future grounded in spiritual awareness and in harmony with planetary forces beyond even the Earth. Vaughan Lee has always been a master of sharing truths relevant to many people at many times, and this book is no exception. At its heart, however, is a deeply personal story of devotion to the Real that has unfurled itself throughout one mystic's lifetime of service. These sayings leave traces of a lifetime walking between the worlds, holding a thread that has taken me into the beyond of the beyond, as well as back to the simple bliss of my garden, the red-tailed hawk sitting on a branch outside my window, and the ocean remains just over the hill, as wild and endless as the empty spaces in the heart and the silence that has always called to me. Pedersen, 2021-06-28 This is the first book-length study of the thought of Sri Chinmoy 1931-2007 who became well known during his lifetime as the exponent of a dynamic spirituality of integral transformation which he set forth in an extensive body of writings in both prose and poetry, mostly in English but also in his native Bengali. He held that all fields of human endeavor can be venues of spiritual transformation when founded in aspiration and contemplative practice. He is noted not only as a spiritual teacher but also as an advocate of peace, a composer and musician, an artist, and a sportsman who created innovative programs promoting self-transcendence and understanding between people of all cultures and walks of life. This study of Sri

Chinmoy s philosophy refers to these diverse activities especially in the biographical first chapter but is mainly based on his written works The book s aim is to give to the reader a straightforward and unembroidered account of Sri Chinmoy s philosophy It makes every attempt to allow Sri Chinmoy to speak for himself in his own words and thus provides ample quotation and draws on his poetic works as much as on his other writings *New Testament Churchmanship and the Principles Upon which it was Founded* bp.
