**The Other Martin Buber** Hayim Gordon, 1988 Gordon Education Ben Gurion U reveals Martin Buber the man as an entirely different individual from the philosopher Through the eyes of 32 of his contemporaries we see that Buber's personal life seems to belie the convictions of the philosopher suggesting something of the difficult reality with which he was confronted Acidic paper Annotation copyrighted by Book News Inc Portland OR *The Existential Philosophy of Etty Hillesum* Meins G. S. Coetsier, 2014-01-09 In *The Existential Philosophy of Etty Hillesum* Meins G S Coetsier breaks new ground by demonstrating the Jewish existential nature of Etty Hillesum's spiritual and cultural life in light of the writings of Martin Buber Emmanuel Levinas and Dietrich Bonhoeffer Hillesum's diaries and letters written between 1941 and 1943 illustrate her struggle to come to terms with her personal life in the context of the Second World War and the Shoah By finding God under the rubble of the horrors she rediscovers the divine presence between humankind while taking up responsibility for the Other as a way to embrace justice and compassion In a fascinating accessible and thorough study Coetsier dispels much of the confusion that assails readers when they are exposed to the bewildering range of Christian and Jewish influences and other cultural interpretations of her writings The result is a convincing and profound picture of Etty Hillesum's path to spiritual freedom **The Value of the Particular: Lessons from Judaism and the Modern Jewish Experience**

Michael Zank, Ingrid Anderson, 2015-04-14 In this tribute to Steven T Katz on the occasion of his seventieth birthday Michael Zank and Ingrid Anderson present sixteen original essays written by senior and junior scholars in comparative religion philosophy of religion modern Judaism and theology after the Holocaust fields of inquiry where Steven Katz made major contributions over the course of his distinguished scholarly career The authors of this volume specialists in Jewish history especially the modern experience and Jewish thought from the Bible to Buber offer theoretical and practical observations on the value of the particular Contributions range from Tim Knepper's reevaluation of the ineffability discourse to the particulars of the *Settlement Cookbook* examined by Nora Rubel as an American classic [Martin Buber's Journey to Presence](#) Phil Huston, 2007 Publisher description [A New Hasidism](#) Arthur Green, Ariel Evan Mayse, 2019-01-01 Neo Hasidism applies the Hasidic masters' spiritual insights of God's presence everywhere of seeking the magnificent within the everyday in doing all things with love and joy uplifting all of life to become a vehicle of God's service to contemporary Judaism as practiced by men and women who do not live within the strictly bounded world of the Hasidic community This first ever anthology of Neo Hasidic philosophy brings together the writings of its progenitors five great twentieth century European and American Jewish thinkers Hillel Zeitlin Martin Buber Abraham Joshua Heschel Shlomo Carlebach and Zalman Schachter Shalomi plus a young Arthur Green The thinkers reflect on the inner life of the individual and their dreams of creating a Neo Hasidic spiritual community The editors' introductions and notes analyze each thinker's contributions to Neo Hasidic thought and influence on the movement Zeitlin and Buber initiated a renewal of Hasidism for the modern world

Heschel's work is quietly infused with Neo Hasidic thought. Carlebach and Schachter Shalomi re-created Neo Hasidism for American Jews in the 1960s and Green is the first American born Jewish thinker fully identified with the movement. Previously unpublished materials by Carlebach and Schachter Shalomi include an interview with Schachter Shalomi about his decision to leave Chabad Lubavitch and embark on his own Neo Hasidic path. *Fifty Key Jewish Thinkers* Dan Cohn-Sherbok, 2007-06-11 *Fifty Key Jewish Thinkers* is a panoramic survey of over 2,000 years of Jewish thought, religious and secular, ancient and modern. Now in its second edition, this essential reference guide contains new introductions to the lives and works of such thinkers as Hannah Arendt, Immanuel Levinas, Judith Plaskow, Sigmund Freud, and Walter Benjamin. Also including fully updated guides to further reading on figures from the middle ages through to the twenty-first century, historical maps, and a chronology placing the thinkers in context, this is an essential and affordable one-volume reference to a rich and complex tradition.

**Dictionary of Existentialism** Haim Gordon, 2013-10-31 Existentialism as a philosophy gained prominence after World War II. Instead of focusing upon a particular aspect of human existence, existentialists argued that our focus must be upon the whole being as he/she exists in the world. Rebellious against the rationalism of such philosophers as Descartes and Hegel, existentialists reject the emphasis placed on man as primarily a thinking being. Freedom is central to human existence, and human relations and encounters cannot be reduced simply to thinking. This Dictionary provides, through alphabetically arranged entries, overviews of the various tenets, philosophers, and writers of existentialism, and of those writers, philosophers, who in retrospect seem to existentially espouse their philosophy: Nietzsche, Kierkegaard, Dostoyevski, et al.

*Make Room for Dreams* Haim Gordon, 1989-06 *Make Room for Dreams* examines Zionism from both a philosophical and practical point of view. This in-depth study reviews and evaluates the notion that Zionism has become a way of enlisting political or economic support for Israel and is no longer seen as a movement that should seek ways to realize humane or spiritual goals. The discussion focuses on the concept of Zionism as the return of the Jewish people to the land of Israel, a return that must be accompanied by a changing of certain basic attitudes concerning the Jews' mode of being in the world. The manner of blending existentialism with political thought is seen in relation to the Biblical experience, and it is shown that Zionist challenges must draw their sustenance from the ability to read the Bible with existential and political awareness. It presents five specific challenges for Zionism in Israel, citing concrete examples from life in Israel and some examples from the history of Zionism. The current situation is also described, and precise determinations for responding to the challenges are woven into each chapter. Also included is a thought

provoking summary of the manner in which a more authentic Jewish existence can be lived in Israel This scholarly work is the first to deal with the complex issues behind the Zionist movement in present day Israel and will provide a valuable resource for philosophers political scientists and students in Jewish studies *Journal of the History of Philosophy* ,1989
