## **The Of Revelation And The Work Of The Priest:**

**The Book of Revelation and the Work of the Priest** Rudolf Steiner, 1998 Lectures to 57 priests in Dornach Sept 5 22 1924 CW 346 John's Book of Revelation the Apocalypse has been subjected to countless theological and academic interpretations over the years usually based on theories and abstract speculations Rudolf Steiner however discussed the Book of Revelation through direct experience and knowledge of the spiritual truths contained in John's mysterious imagery Rudolf Steiner had already presented his insights on the Apocalypse to various audiences but in 1924 he presented a completely new perspective This time his comments were in response to requests from priests of The Christian Community the movement for religious renewal which itself had taken form on the basis of Steiner's insights This book will be of value to anyone who would like a fresh perspective on the most enigmatic book of the New Testament Includes eight color plates of blackboard drawings Read Bobby Matherne's review of this book **Priesthood Through the Scriptures** Clinton Matthews, 2016-10-07 How does one obtain the wisdom to discern between the truth and that which is false Can one look to the institutions of higher learning Is the station and high achievements of some individuals a proper yardstick By what measure is the validity and reliability of their work and words measured Can one feel safe and secure in the established order of what has been generally accepted by the great majority Truly the last question one should ask is Was God so naive as to leave mankind without the means to find out the truth in such a way as to preclude any chance of missing the mark

**Charisma under Pressure** Dan Vogel, 2023-04-24 When Joseph Smith entered Kirtland Ohio for the first time he had only the year before established a church and brought forth a new book of scripture the Book of Mormon After moving the church and most of its members from western New York and establishing its headquarters at Kirtland while simultaneously establishing his Zion in communities in Missouri he oversaw a decade of both peace and prosperity and chaos and conflict But just who was Joseph Smith What motivated him In examining Smith's life during his Ohio and Missouri sojourns Vogel seeks to answer those questions But Vogel is quick to note There are in fact many possible constructions of Joseph Smith and depending on how one assesses the evidence for his truth claims a completely different Joseph Smith emerges But this is probably as Smith wanted it During this period Smith established a temple printing presses additional scripture expanded church offices and built a bank all indicating a sense of permanence and strength for his young church at one level while causing its near collapse at another [Decolonization and the Remaking of Christianity](#) Elizabeth A. Foster, Udi Greenberg, 2023-08-29 In the decades following the era of decolonization global Christianity experienced a seismic shift While Catholicism and Protestantism have declined in their historic European strongholds they have sustained explosive growth in Asia Latin America and Africa This demographic change has established Christians from the Global South as an increasingly dominant presence in modern Christian thought culture and politics Decolonization and the Remaking of

Christianity unearths the roots of this development charting the metamorphosis of Christian practice and institutions across five continents throughout the pivotal years of decolonization The essays in this collection illustrate the diverse new ideas rituals and organizations created in the wake of Western imperialism s formal collapse and investigate how religious leaders politicians theologians and lay people debated and shaped a new Christianity for a postcolonial world Contributors argue that the collapse of colonialism and broader cultural challenges to Western power fostered new organizations theologies and political engagements across the world ultimately setting Christianity on its current trajectory away from its colonial heritage These essays interrogate decolonization s varied and conflicting impacts on global Christianity while also providing a novel framework for rethinking decolonization s modern legacies Taken together this book charts the relationship between decolonization and Christianity on a truly global scale Contributors Joel Cabrita Darcie Fontaine Elizabeth A Foster Udi Greenberg David Kirkpatrick Eric Morier Genoud Phi V n Nguyen Justin Reynolds Sarah Shortall Lydia Walker Charlotte Walker Said Albert Wu Gene Zubovich

**The Joseph Smith Revelations** H. Michael Marquardt, 1999 Revelation is so central to Mormonism that one might presume that the study of original texts is an exhausted field The remarkable truth is that little has yet been done in this area An analysis of the earliest manuscripts and first printed versions often in newspapers helps establish the original setting and often the intention of the revelations many of which have been greatly changed by later textual modifications By knowing more of the history of the early church Marquardt hopes to reveal new and important vistas concerning both early Mormonism and the concept of revelation itself

The Routledge Handbook of Mormonism and Gender Taylor Petrey, Amy Hoyt, 2020-04-30 The Routledge Handbook of Mormonism and Gender is an outstanding reference source to this controversial subject area Since its founding in 1830 the Church of Jesus Christ of Latter day Saints has engaged gender in surprising ways LDS practice of polygamy in the nineteenth century both fueled rhetoric of patriarchal rule as well as gave polygamous wives greater autonomy than their monogamous peers The tensions over women s autonomy continued after polygamy was abandoned and defined much of the twentieth century In the 1970s 1990s and 2010s Mormon feminists came into direct confrontation with the male Mormon hierarchy These public clashes produced some reforms but fell short of accomplishing full equality LGBT Mormons have a similar history These movements are part of the larger story of how Mormonism has managed changing gender norms in a global context Comprising over forty chapters by a team of international contributors the Handbook is divided into four parts Methodological issues Historical approaches Social scientific approaches Theological approaches These sections examine central issues debates and problems including agency feminism sexuality and sexual ethics masculinity queer studies plural marriage homosexuality race scripture gender and the priesthood the family sexual violence and identity The Routledge Handbook of Mormonism and Gender is essential reading for students and researchers in religious studies gender studies and women s studies The Handbook will also be very useful
