## **The Of The Body:**

**The Spectacle of the Body in Late Medieval England** Estella Antoaneta Ciobanu, 2012 The volume *The Spectacle of the Body in Late Medieval England* represents a study on the human body representation in medieval England by approaching the concept of the spectacle as a space of manifestation The author clarifies the ways of understanding the body as a physical and metaphorical reality but also the medieval conceptualization of violence On top of that the author is making an investigation on the violent character of spectacles representation in pursuit of picturing this subject more clearly and more relevant The approach of the volume is dominantly Christian reviewing the representations of the body through outstanding figures of Christianity crucifixion of Jesus Christ body of Virgin Mary
