The Once And Future Budapest:

The Once and Future Budapest Robert Nemes, 2005 Tracing the complex process by which Budapest became a Hungarian city Robert Nemes offers an open ended picture of nation building and urban development In 1800 the towns of Buda Pest and buda which would later unite to form Budapest were dusty provincial and largely German speaking By century s end Budapest had become a burgeoning metropolis a capital and a manifestly Hungarian city Few nineteenth century cities grew as rapidly and in none was nationalism woven so tightly into the urban fabric The Once and Future Budapest explores Hungarian nationalism in daily events and maps its inroads into every corner of urban life Drawing upon newspapers memoirs and other largely untapped sources Nemes shows how the national idea influenced painting architecture literature and music as well as dress and the names of streets shops and even children The Hungarian national movement gave many residents of Budapest their first taste of politics By focusing on reading clubs ballrooms streets and other urban spaces Nemes explains how ordinary men and women participated in made sense of and helped define modern national movements The campaign to nationalize Budapest had a dark side as well for it often involved intolerant language exclusionary practices violent street demonstrations and vandalism The influence of nineteenth century nationalism endures in Budapest and can be seen in the city s art architecture and culture The Once and Future Budapest will appeal to all who are interested in this city and its rich varied past *"The" Hungarian Quarterly*, 2007 **Hi Fi/stereo Review**, 1975 **Slavic Review**, 2005
