**Masques, Mayings and Music-dramas** Roger Savage,2014 *Masques Mayings and Music Dramas* comprises a sequence of in depth case studies of significant aspects of early twentieth century English music theatre Vaughan Williams forms a central thread in this discussion and Stratford upon Avon serves as a geographical focus point for mediating conflicting visions of an English musical tradition But the reach of the book is much wider shedding new light on English Wagnerism at Glastonbury especially and on the reception of Wagner s ideas as a point of emulation and resistance No less significant is the discussion of Purcell and the seventeenth century masque one of the primary sources for re imagining an English dramatic tradition and the more familiar images of the May festival the Mummers play and the pageant play which are tellingly re contextualised The book also looks at the associations between Vaughan Williams the theatre artist Edward Gordon Craig and the impresario Serge Diaghilev The sequence is framed by the image of the pilgrim vagabond Vaughan Williams s setting of the poetry of Matthew Arnold and Robert Louis Stevenson as a metaphor and paradigm for his creative career and personal progress The book not only sheds light on the activities and ambitions of principal agents but also illuminates a particularly dynamic moment in the re emergence of a distinctively English music theatrical practice one especially concerned with calling on aspects of the past to help to secure a worthwhile future Notions of Englishness turn out to be less insular than sometimes thought and the idea of a musical renaissance more complex when the case studies are understood in their proper historical context Scholars and students of twentieth century English music theatre and opera will find this volume indispensable Roger Savage is Honorary Fellow in English Literature at the University of Edinburgh He has published widely on theatre and its interface with music from the baroque to the twentieth century in leading journals and books *The Adventures of Mr. Toad* ,1990 **Wind in the Willows 2** Kenneth Grahame,2007-09 A brief simplified retelling of the episode in The Wind in the Willows during which Rat takes Mole to meet Mr Toad and together they set off on a road trip in Toad s colorful new cart Happy young passengers will join the continuing adventures of Mole Rat and Toad as they hit the road in Toad s brand new brightly colored cart It has all the comforts of home and Toad loves it very much But as they make their way a honking vehicle even better newer and faster than a cart comes along *Class, Leisure and National Identity in British Children's Literature, 1918-1950* Hazel Sheeky Bird,2014-10-07 This book places children s literature at the forefront of early twentieth century debates about national identity and class relations that were expressed through the pursuit of leisure Focusing on stories about hiking camping and sailing this book offers a fresh insight into a popular period of modern British cultural and political history **The Open Road** Kenneth Grahame,1983 Adventures of Rat Mole and Toad as they travel about the countryside in the second chapter of The Wind in the Willows **The Way to the Sea** Caroline Crampton,2019-06-06 Raised on its banks and an avid sailor Caroline Crampton sets out to rediscover the enigmatic pull of the Thames by following its course from the river s source in a small village in Gloucestershire through the short

central stretch beloved of Londoners and tourists alike to the point where it merges with the North Sea As she navigates the river s ever shifting tidal waters she seeks out the stories behind its unique landmarks from the vast Victorian pumping stations that carried away the capital s waste and the shiny barrier that holds the sea at bay to the Napoleonic era forts that stand on marshy ground as eerie relics of past invasions In spellbinding prose she reveals the histories of its empty warehouses and arsenals its riverbanks layered with Anglo Saxon treasures and its shipwrecks still inhabited by the ghosts of the drowned The Way to the Sea is at once a fascinating portrait of an iconic stretch of water and a captivating introduction to a new voice in British non fiction *The Wide World All Around*, 1987 A collection of poetry fiction folklore fables myths and rhymes arranged in three sections that reflect a child s discovery of the world The sections are titled The Primary World Family The Created World The Country and the City and The Natural World *Turning the Page* Fiona M. Collins, Jeremy Ridgman, 2006 Since the nineteenth century children s literature has been adapted for both the stage and the screen As the twentieth century progressed children s books provided the material for an increasing range of new media from radio to computer games from television to cinema blockbuster Although such adaptations are now recognised as a significant part of the culture of childhood and popular culture in general little has been written about the range of products and experiences that they generate This book brings together writers whose work offers contrasting perspectives on the process of adaptation and the varying transformations social historical and ideological that take place when a text moves from the page to another medium Linking all these contributions is an interest in the changing definition of children s literature and its target audience within an increasingly media rich society *National Union Catalog*, 1983 *The Open Road* Clayton Holt Ernst, 1920 **The Web**, 1980 *The Elementary School Library Collection, Phases 1-2-3*, 1994 *The Arbuthnot Anthology of Children's Literature* May Hill Arbuthnot, 1953 A collection of poems and stories for children to be used in the classroom home or camp especially planned for college classes in children s literature with introductions and headnotes

**Time for Fairy Tales Old and New**, 1952 Traditional and modern tales from around the world **The Arbuthnot Anthology**, 1953 *General Catalogue of Printed Books* British Museum. Department of Printed Books, 1961 **The Saturday Review of Politics, Literature, Science and Art**, 1912 *Translating England into Russian* Elena Goodwin, 2019-12-26 From governesses with supernatural powers to motor car obsessed amphibians the iconic images of English children s literature helped shape the view of the nation around the world But as Translating England into Russian reveals Russian translators did not always present the same picture of Englishness that had been painted by authors In this book Elena Goodwin explores Russian translations of classic English children s literature considering how representations of Englishness depended on state ideology and reflected the shifting nature of Russia s political and cultural climate As Soviet censorship policy imposed restrictions on what and how to translate this book examines how translation dealt with and built bridges between cultures in a restricted environment in order to represent images of England Through analysing the Soviet

and post Soviet translations of Rudyard Kipling Kenneth Grahame J M Barrie A A Milne and P L Travers this book connects the concepts of society ideology and translation to trace the role of translation through a time of transformation in Russian society Making use of previously unpublished archival material Goodwin provides the first analysis of the role of translated English children s literature in modern Russian history and offers fresh insight into Anglo Russian relations from the Russian Revolution to the present day This ground breaking book is therefore a vital resource for scholars of Russian history and literary translation    **General catalogue of printed books** British museum.
