Architects always sought to give to necessary construction the most beautiful forms how far they succeeded is seen in their universally admired works let us imitate their example in our new churches where vaulting is generally impossible and rarely even desirable About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works The open timber roofs of the middle ages Joshua Arthur Brandon,Raphael Brandon,1843
