The Opium War:

Opium Wars W. Travis Hanes III, Frank Sanello, 2004-02-01 In this tragic and powerful story the two Opium Wars of 1839-1842 and 1856-1860 between Britain and China are recounted for the first time through the eyes of the Chinese as well as the Imperial West. Opium entered China during the Middle Ages when Arab traders brought it into China for medicinal purposes. As it took hold as a recreational drug, opium wrought havoc on Chinese society. By the early nineteenth century 90 percent of the Emperor's court and the majority of the army were opium addicts. Britain was also a nation addicted to tea grown in China and paid for with profits made from the opium trade. When China tried to ban the use of the drug and bar its Western smugglers from its gates, England decided to fight to keep open China's ports for its importation. England, the superpower of its time, managed to do so in two wars resulting in a drug-induced devastation of the Chinese people that would last 150 years. In this page-turning dramatic and colorful history, *The Opium Wars* responds to past biased Western accounts by representing the neglected Chinese version of the story and showing how the wars stand as one of the monumental clashes between the cultures of East and West. A fine popular account. *Publishers Weekly*. Their account of the causes, military campaigns, and tragic effects of these wars is absorbing, frequently macabre, and deeply unsettling. *Booklist*.

The Opium Wars Hourly History, 2018-12-05 Opium Wars: Violent confrontation between armed groups over the supply of illegal narcotics is something we commonly associate with criminal gangs in modern cities, but in the mid-nineteenth century Great Britain went to war with Imperial China in order to continue to supply Chinese addicts with opium. The two wars which followed have become known as the Opium Wars, and they led to the utter defeat of China, the establishment of a British colony in Hong Kong, and the continuation of a narcotics trade that was worth millions of pounds each year to the British. The Opium Wars exposed the weaknesses of the Chinese Qing dynasty in terms of its military abilities and internal corruption. They also exposed divisions in Victorian Britain where people were beginning to question the morality of going to war to support an illegal narcotics trade which caused misery and death for millions of Chinese. In the end, the British were able to overcome their reservations and prosecute these two wars with great success. British casualties were small, and the gains enormous: the British opium trade to China would continue for more than fifty years after the end of the Second Opium War. Inside you will read about The Joy Plant Outbreak of the First Opium War, British Superiority, and the Devil Ship. The Treaty of Nanking, First of the Unequal Treaties, The Inevitable Second Opium War, The Fall of Beijing. And much more. For the Chinese Qing dynasty, the Opium Wars marked the beginning of the end. Imperial China had endured for two thousand years, but within fifty years of the humiliations of the Opium Wars, a revolution overthrew the imperial court and turned China into a republic. Although they are little remembered today, the Opium Wars changed the face not just of China but also of the whole of Asia. This is the story of those wars. *China and the Brave New World* Chung Tan, 1978 **China from the Opium Wars to the 1911 Revolution** Jean Chesneaux, Marianne Bastid, Marie-Claire Bergère, 1977 *The India-China Opium*

Trade in the Nineteenth Century Hunt Janin, 1999-01-01 From 1823 to 1860 a fleet of small fast brigs and schooners carried chests of opium from India to China often facing the challenges of pirates and typhoons along the way This shadowy trade conducted by American British and Indian firms thrived despite its moral and legal consequences Drawing largely on primary sources the story of the opium trade comes through in the voices of those who saw it firsthand Appendices describe a favorite shipboard recipe two of the ships involved in the trade and their crews excerpts from accounts of the Opium War and language equivalents for proper and place names A bibliography is included and maps and photographs help illumine this important and unusual period of history

The Opium War Through Chinese Eyes The Arthur Waley Estate, Arthur Waley, 2013-11-05 First published in 1958 This volume translates and places in the appropriate historical context a number of private documents such as diaries autobiographies and confessions which explain what the Opium War felt like on the Chinese side

The Opium War Compilation Group, 2000-12 A Communist Chinese view of the Opium War of 1840 42 between Britain and China compiled in 1976 by members of the history departments of Fudan University and Shanghai Teachers University

The Opium War, 1840-1842 Peter Ward Fay, 1997 This book tells the fascinating story of the war between England and China that delivered Hong Kong to the English forced the imperial Chinese government to add four ports to Canton as places in which foreigners could live and trade and rendered irrever

Britain's China Policy and the Opium Crisis Glenn Melancon, 2017-07-28 The first Opium War 1840 42 was a defining moment in Anglo Chinese relations and since the 1840s the histories of its origins have tended to have been straightforward narratives which suggest that the British Cabinet turned to its military to protect opium sales and to force open the China trade Whilst the monetary aspects of the war cannot be ignored this book argues that economic interests should not overshadow another important aspect of British foreign policy honour and shame The Palmerston s government recognised that failure to act with honour generated public outrage in the form of petitions to parliament and loss of votes and as a result was at pains to take such considerations into account when making policy Accordingly British Cabinet officials worried less about the danger to economic interests than the threat to their honour and the possible loss of power in Parliament The decision to wage a drug war however made the government vulnerable to charges of immorality creating the need to justify the war by claiming it was acting to protect British national honour

The Chinese Opium Wars Jack Beeching, 1975 An enlightening account of a notorious period in nineteenth century imperialism when an effort by the Chinese government to stamp out the country s profitable opium trade resulted in a series of conflicts known as the Opium Wars Index illustrations and map

Imperial Twilight Stephen R. Platt, 2018-05-15 As China reclaims its position as a world power Imperial Twilight looks back to tell the story of the country s last age of ascendance and how it came to an end in the nineteenth century Opium War As one of the most potent turning points in the country s modern history the Opium War has since come to stand for everything that today s China seeks to put behind it In this dramatic epic story award winning historian Stephen Platt sheds new light on the early attempts by Western

traders and missionaries to open China even as China's imperial rulers were struggling to manage their country's decline and Confucian scholars grappled with how to use foreign trade to China's advantage. The book paints an enduring portrait of an immensely profitable and mostly peaceful meeting of civilizations that was destined to be shattered by one of the most shockingly unjust wars in the annals of imperial history. Brimming with a fascinating cast of British, Chinese, and American characters, this riveting narrative of relations between China and the West has important implications for today's uncertain and ever-changing political climate.

The Opium Wars Charles River Charles River Editors, 2018-05-04 Includes pictures Includes contemporary accounts Includes online resources and a bibliography for further reading

The 19th century saw the rise of one of the largest most powerful empires of the modern era. The sun never set on the British Empire whose holdings spanned the globe in one form or another. Its naval supremacy linked the Commonwealth of Canada with the colonies in South Africa and India and through them trade flowed east and west. An integral but underutilized part of this vast trade network included China, a reclusive Asian kingdom closed off from the Western world that desired none of its goods. Unfortunately for China, the British had the might of an empire and economic force not to mention modern arms on their side. Breaking into China's lucrative trade markets nearly destroyed the nation, severely discredited the Chinese dynasty, wreaked havoc on its people, and further propelled Britain's empire into a dominant economic and military position. The collision of these two empires took many years and caused much bloodshed. In fact, the troubles started well before the eventual hostilities festering as frustration mounted until finally boiling over. Such was the state of relations between the British Empire and Qing Dynasty for the better part of the century; its footing upended from the very start of relations. Both wars ended with British victories, but while in the first war other foreign powers did not muscle their way into China until after the war, in the second foreign powers followed right after the British. Where once the British loomed over China unchallenged, now new powers made their presence felt and they had no intention of leaving anytime soon. The French would broaden their empire in Asia along with the British, the consequences of which would involve both China and the United States. Over a century later, Russia would look eastward toward China and the Pacific until its disastrous defeat in the Russo-Japanese War and its relations with China would ebb and flow until the late twentieth century. The United States established in China, opened Japan to foreign trade the same year as the signing of the Treaty of Tianjin. In less than half a century, Japan would supplant China as the dominant power in the region. For these reasons, as well as others, the Opium Wars marked a dramatic shift in Asian history. Both wars were started over trade. The First Opium War was a blatant grab for money at the expense of a people who slowly succumbed en masse to drug addiction, while the Second Opium War was a war less about trade and more about national prestige. In the end, British arrogance started the wars and Chinese impotence ended them. With that said, however, China learned several valuable lessons during the Second Opium War, even if it would not be until the middle of the 20th century that those lessons bore the fruit necessary to turn China from a backwater nation into a world power. As fate

would have it the years after World War II would watch the British Empire fall at the same time Communist China rose The Opium Wars The History and Legacy of the 19th Century Conflicts between Britain and China examines the way in which trade colonialism and illegal drug use culminated with one of the 19th century s most controversial fights Along with pictures and a bibliography you will learn about the Opium Wars like never before **The First Opium War - The Chinese**

Expedition 1840-1842 - The Illustrated Edition Duncan McPherson,2013-02-01 The first Anglo Chinese War of 1839 1842 was fought essentially over trade restrictions between the British Empire and the Qing Dynasty European traders were only permitted to sell through a cartel of Chinese merchants known as the Thirteen Hong s and were not allowed to travel live or trade in any other part of China apart from the Thirteen Factories in Canton Due to the ever growing demands of the home market for tea and China s insistence on payment in silver a trade imbalance in China s favour developed and so the British via the East India Company began to trade in opium Initially the Chinese authorities tolerated this but in 1839 the new governor of Canton seized all the opium banned its sale under threat of death and closed the channel to Canton effectively holding the British traders hostage The resulting retaliation from the British was somewhat delayed but in April 1840 the Chinese Expedition a force of 3000 soldiers and a small naval force arrived in Singapore After decisively defeating the Chinese in the summer 1842 the war finally ended with the signing of the Treaty of Nanking and the ceding of Hong Kong to the British Crown Fully illustrated throughout with contemporary paintings engravings and maps this authoritative eye witness account of the First Opium War was written by Duncan McPherson a surgeon with the 37th Madras Native Infantry Highly readable McPherson s vivid descriptions of China and its people and his detailed accounts of the battles give a unique perspective to the conflict Also included is an in depth appendix featuring the official battle reports general orders circulars notifications and returns of the dead and wounded **The Opium War** Sir Arthur Augustus Thurlow Cunynghame,1845

The Opium War BRIAN. INGLIS,2017 **The Opium War** Julia Lovell,2011-09-02 A gripping read as well as an important one Rana Mitter Guardian In October 1839 Britain entered the first Opium War with China Its brutality notwithstanding the conflict was also threaded with tragicomedy with Victorian hypocrisy bureaucratic fumbblings military missteps political opportunism and collaboration Yet over the past hundred and seventy years this strange tale of misunderstanding incompetence and compromise has become the founding episode of modern Chinese nationalism Starting from this first conflict The Opium War explores how China s national myths mould its interactions with the outside world how public memory is spun to serve the present and how delusion and prejudice have bedevilled its relationship with the modern West Lively erudite and meticulously researched Literary Review An important reminder of how the memory of the Opium War continues to cast a dark shadow Sunday Times *Creating the Opium War* Hao Gao,2019-12-20 Creating the Opium War examines British imperial attitudes towards China during their early encounters from the Macartney embassy to the outbreak of the Opium War a deeply consequential event which arguably reshaped relations between China and the West in

the next century It makes the first attempt to bring together the political history of Sino western relations and the cultural studies of British representations of China as a new way of explaining the origins of the conflict The book focuses on a crucial period 1792 1840 which scholars such as Kitson and Markley have recently compared in importance to that of American and French Revolutions By examining a wealth of primary materials some in more detail than ever before this study reveals how the idea of war against China was created out of changing British perceptions of the country **The Inner Opium War** James M. Polachek,2020-05-11 Why did defeat in the Opium War not lead China to a more realistic appreciation of Western might and Chinese weakness James Polachek s revisionist analysis exposes the behind the scenes political struggles that not only shaped foreign policy decisions in the 1830s and 1840s but have continued to affect the history of Chinese nationalism in modern times Polachek looks closely at the networks of literati and officials self consciously reminiscent of the late Ming era that sought and gained the ear of the emperor Challenging the conventional view that Lin Tse hsu and his supporters were selfless patriots who acted in China s best interests Polachek argues that for reasons having more to do with their own domestic political agenda these men advocated a futile policy of militant resistance to the West Linking political intrigue scholarly debates and foreign affairs local notables in Canton and literati lobbyists in Peking this book sets the Opium War for the first times in its inner domestic political context **Chinese Account of the Opium War** Edward Harper Parker,2018 **The Opium Wars** Captivating History,2020-09-22 Victorian Great Britain was the most technologically and economically developed country in the world at the time As such it had the power to protect its interests

Reviewing **The Opium War**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is really astonishing. Within the pages of "**The Opium War**," an enthralling opus penned by a very acclaimed wordsmith, readers attempt an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve into the book's central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.
