G Orfield

The Origins Of The Southern Middle Class 1800 1861:

The Origins of the Southern Middle Class, 1800-1861 Jonathan Daniel Wells, 2004 Origins of the Southern Middle Class 1800 1861 *The Origins of the Southern Middle Class, 1800-1861* Jonathan Daniel Wells, 2004 With a fresh take on social dynamics in the antebellum South Jonathan Daniel Wells contests the popular idea that the Old South was a region of essentially two classes planters and slaves until after the Civil War He argues that in fact the region h

The Making of the Middle Class A. Ricardo López, 2012-01-18 The contributors question the current academic understanding of what is known as the global middle class They see middle class formation as transnational and they examine this group through the lenses of economics gender race and religion from the mid nineteenth century to today *The Founding of Alabama* Frances Cabaniss Roberts, 2020-01-07 The most thorough history of Alabama s Madison County region widely available for the first time The 1956 dissertation by Frances Cabaniss Roberts is a classic text on Alabama history that continues to be cited by southern historians Roberts was the first woman to earn a PhD from the University of Alabama s history department In the 1950s she was the only full time faculty member at what is now the University of Alabama in Huntsville where she was appointed chair of the history department in 1966 Roberts s dissertation Background and Formative Period in the Great Bend and Madison County remains the most thorough history of the region yet produced While certainly a product of its era Roberts work is visionary in its own way and offers a useful look at Alabama s rise to statehood Thomas Reidy editor of this edition has kept Roberts s words intact except for correction of minor typographical errors and helpful additions to the notes and citations His introduction describes both the value of Roberts s decades of service to UAH and the importance of her dissertation over time While highlighting the great intrinsic value of Roberts s research and writing Reidy also notes its significance in demonstrating how the practice of history its methods priorities and values has evolved over the intervening decades In her examination of Madison County Roberts spotlights exemplars of civic performance and good community behavior giving readers one of the earliest accountings of the antebellum southern middle class Unlike many historians of her time Roberts displays an interest in both the common folks and leaders who built the region rural and urban and created the institutions that shaped Madison County She examines the contributions of merchants shopkeepers lawyers doctors architects craftsmen planters farmers elected and appointed officials board members and entrepreneurs

The Half Has Never Been Told Edward E Baptist, 2016-10-25 A groundbreaking history demonstrating that America s economic supremacy was built on the backs of enslaved people Winner of the 2015 Avery O Craven Prize from the Organization of American Historians Winner of the 2015 Sidney Hillman Prize Americans tend to cast slavery as a pre modern institution the nation s original sin perhaps but isolated in time and divorced from America s later success But to do so robs the millions who suffered in bondage of their full legacy As historian Edward E Baptist reveals in *The Half Has Never Been Told* the expansion of slavery in the first eight decades after American independence drove the evolution and modernization of the

United States In the span of a single lifetime the South grew from a narrow coastal strip of worn out tobacco plantations to a continental cotton empire and the United States grew into a modern industrial and capitalist economy Told through the intimate testimonies of survivors of slavery plantation records newspapers as well as the words of politicians and entrepreneurs **The Half Has Never Been Told** offers a radical new interpretation of American history **Freedom in a Slave Society** Johanna Nicol Shields,2012-08-13 Before the Civil War most Southern white people were as strongly committed to freedom for their kind as to slavery for African Americans This study views that tragic reality through the lens of eight authors representatives of a South that seemed to them destined for greatness but was we know on the brink of destruction Exceptionally able and ambitious these men and women won repute among the educated middle classes in the Southwest South and the nation even amid sectional tensions Although they sometimes described liberty in the abstract more often these authors discussed its practical significance what it meant for people to make life s important choices freely and to be responsible for the results They publicly insisted that freedom caused progress but hidden doubts clouded this optimistic vision Ultimately their association with the oppression of slavery dimmed their hopes for human improvement and fear distorted their responses to the sectional crisis **Six Encounters with Lincoln** Elizabeth Brown Pryor,2017-02-07 Winner of the Barondess Lincoln Award from The Civil War Round Table of New York Fascinating reading this book eerily reflects some of today s key issues The New York Times Book Review From an award winning historian an engrossing look at how Abraham Lincoln grappled with the challenges of leadership in an unruly democracy An awkward first meeting with U S Army officers on the eve of the Civil War A conversation on the White House portico with a young cavalry sergeant who was a fiercely dedicated abolitionist A tense exchange on a navy ship with a Confederate editor and businessman In this eye opening book Elizabeth Brown Pryor examines six intriguing mostly unknown encounters that Abraham Lincoln had with his constituents Taken together they reveal his character and opinions in unexpected ways illustrating his difficulties in managing a republic and creating a presidency Pryor probes both the political demons that Lincoln battled in his ambitious exercise of power and the demons that arose from the very nature of democracy itself the clamorous diversity of the populace with its outspoken demands She explores the trouble Lincoln sometimes had in communicating and in juggling the multiple concerns that make up being a political leader how conflicted he was over the problem of emancipation and the misperceptions Lincoln and the South held about each other Pryor also provides a fascinating discussion of Lincoln s fondness for storytelling and how he used his skills as a raconteur to enhance both his personal and political power Based on scrupulous research that draws on hundreds of eyewitness letters diaries and newspaper excerpts **Six Encounters with Lincoln** offers a fresh portrait of Lincoln as the beleaguered politician who was not especially popular with the people he needed to govern with and who had to deal with the many critics naysayers and dilemmas he faced without always knowing the right answer What it shows most clearly is that greatness was not simply laid on Lincoln s shoulders like a mantle but

was won in fits and starts The Journal of Southern History Wendell Holmes Stephenson,2005 Includes section Book reviews *Journal of Economic Literature* ,2005 **The North Carolina Historical Review** ,2010 **A Regency of Women** Nikki Berg Burin,2007 *The Florida Historical Quarterly* Florida Historical Society,2005 *International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences* ,2004 **Technology, Innovation, and Southern Industrialization** Susanna Delfino,Michele Gillespie,2008 Essays consider the role of innovative technologies in industries across the South including steamboats and shipping in the lower Mississippi valley textile manufacturing in Georgia Arkansas and South Carolina coal mining in Virginia sugar planting and processing in Louisiana the electrification of the Tennessee valley and telemedicine in contemporary Arizona Provided by publisher *America, History and Life* ,2007 Article abstracts and citations of reviews and dissertations covering the United States and Canada *The Mississippi Quarterly* ,2012 *The Old South* J. William Harris,2008 In this the re titled second edition of *Society and Culture in the Slave South* J William Harris selects the most recent and original scholarship in the field of the antebellum South published since 1992 when the first edition appeared The present volume illustrates both the continuities and new developments in antebellum Southern history starting from the work of Eugene Genovese and Elizabeth Fox Genovese and moving into work that challenges their traditional reading of the slave South as a paternalist society The collection also features an introduction to the historiography of the slave South and a Guide to Further Reading *Tennessee Historical Quarterly* ,2017 **Symposium** ,2007 Internationale Bibliographie der Rezensionen wissenschaftlicher Literatur ,2007
