

SINGLES & REISSUES

An imaginative beauty plays a dangerous game of
mask-and-face in a swirling, aristocratic

Vanessa Gray The Orphan's Disguise

The Orphans Disguise

Prison Association of New York

The Orphans Disguise:

The Orphan in Eighteenth-Century Law and Literature Dr Cheryl L Nixon, 2013-05-28 Cheryl Nixon's book is the first to connect the eighteenth century fictional orphan and factual orphan emphasizing the legal concepts of estate blood and body. Examining novels by authors such as Eliza Haywood, Tobias Smollett, and Elizabeth Inchbald, and referencing never before analyzed case records, Nixon reconstructs the narratives of real orphans in the British parliamentary equity and common law courts and compares them to the narratives of fictional orphans. The orphan's uncertain economic, familial, and bodily status creates opportunities to plot his or her future according to new ideologies of the social individual. Nixon demonstrates that the orphan encourages both fact and fiction to re-imagine structures of estate, property, and inheritance, blood, familial origins, and marriage, and body, gender, and class mobility. Whereas studies of the orphan typically emphasize the poor urban foundling, Nixon focuses on the orphaned heir or heiress and his or her need to be situated in a domestic space. Arguing that the eighteenth century constructs the valued orphan, Nixon shows how the wealthy orphan became associated with new understandings of the individual. New archival research encompassing print and manuscript records from Parliament, Chancery, Exchequer, and King's Bench demonstrate the law's interest in the propertied orphan. The novel uses this figure to question the formulaic structures of narrative sub-genres such as the picaresque and romance, and ultimately encourage the hybridization of such plots. As Nixon traces the orphan's contribution to the developing novel and developing ideology of the individual, she shows how the orphan creates factual and fictional understandings of class, family, and gender.

Therapeutic Activities for Children and Teens Coping with Health Issues Robyn Hart, Judy Rollins, 2011-03-21 Winner of the American Journal of Nursing Book of the Year 2011, Category Maternal and Child Health. Building on children's natural inclinations to pretend and reenact, play therapy is widely used in the treatment of psychological problems in childhood. This book is the only one of its kind with more than 200 therapeutic activities specifically designed for working with children and teenagers within the healthcare system. It provides evidence-based, age-appropriate activities for interventions that promote coping. The activities target topics such as separation anxiety, self-esteem issues, body image, death, isolation, and pain. Mental health practitioners will appreciate its cookbook format with quickly read and implemented activities.

The Orphan & Its Relations Elizabeth Robinson, 2008 This collection of poems by Elizabeth Robinson circles around and around the place of the individual in relation to an other or Other or others. If human experience is nested in relation, the braid of bodies that engendered this self, it is also disrupted by an intimacy that can disassemble and recreate itself until an uneasy form of empathy emerges from the radical isolation of human introspection. Using prose poems to suggest the narrative logic of the story, *The Orphan*, *Its Relations* takes references from domestic life, myth, and folktales and artworks to bridge, as Robert Creeley said elsewhere of Robinson's work, between the physically given world and that other we gloss with words yet apprehend insistently as the defining presence of our lives themselves.

The Orphan Colony of

Jews in China James Finn,1872 **The Children of the New Forest** Frederick Marryat,1896 **Report of the Prison Association of New York** Correctional Association of New York,1871 51st includes Prison laws of the State of New York p 157 998 **Lost and Othered Children in Contemporary Cinema** Debbie C. Olson,Andrew Scahill,2012-05-18 Children have been a part of the cinematic landscape since the silent film era yet children are rarely a part of the theoretical landscape of film analysis *Lost and Othered Children in Contemporary Cinema* edited by Debbie C Olson and Andrew Scahill seeks to remedy that oversight Throughout the over one hundred year history of cinema the image of the child has been inextricably bound to filmic storytelling and has been equally bound to notions of romantic innocence and purity This collection reveals however that there is a body of work that provides a counter note of darkness to the traditional portraits of sweetness and light Particularly since the mid twentieth century there are a growing number of cinematic works that depict childhood as a site of knowingness despair sexuality death and madness *Lost and Othered Children in Contemporary Cinema* challenges notions of the innocent child through an exploration of the dark side of childhood in contemporary cinema The contributors to this multidisciplinary study offer a global perspective that explores the multiple conditions of marginalized childhood as cinematically imagined within political geographical sociological and cultural contexts
Transactions of the National Congress on Penitentiary and Reformatory Discipline Held at Cincinnati, Ohio, October 12-18, 1870 Enoch Cobb Wines,1871 **The Children of the New Forest ...
