Ayres, 2025-02-19 Although history records that the British nineteenth century was obsessed with order conventionality and conformity there were many Victorians from all walks of life across lines of class race and gender who resisted social mores and sometimes the laws themselves in a variety of ways and to varying degrees Some expressed dissension through music art literature and social protest Others were more subtle like manipulative wives who gained what they wanted while seemingly remaining docile and submissive Some rebellion fermented into social and political movements The revolt of still others was extremely executed by serial killers criminals and suicides Contemporary readers can learn from these rebels and discern what values and ways that were uniquely Victorian should be retained and those that should be rejected after having observed their outcomes To that end this collection of essays offers a study for both novice and expert on Victorian rebels

Oscar Wilde Harford Montgomery Hyde, 1975 Aesthete dandy poet dramatist and philosopher Oscar Wilde's wit and charm dazzled society in London America and Paris in the late 1880s But the year 1895 brought Wilde literary triumph with two plays achieving phenomenal success in London's West End and personal disaster Urged on by his friend Lord Alfred Douglas Wilde brought a libel action against Lord Alfred's father the eccentric Marquess of Queensberry The ensuing trials at the Old Bailey revealed Wilde's reckless adventures in the London underworld and he was sentenced to two years imprisonment with hard labour This fascinating biography examines both sides of Wilde's the artistic genius Provocation and Negotiation. Gesche Ipsen, Timothy Mathews, Dragana Obradovic, 2013 This collection of essays takes on two of the most pressing questions that face the discipline of Comparative Literature today Why compare and Where do we go from here At a difficult economic time when universities all over the world once again have to justify the social as well as academic value of their work it is crucial that we consider the function of comparison itself in reaching across disciplinary and cultural boundaries The essays written for this book are by researchers from all over the world and range in topic from the problem

of translating biblical Hebrew to modern atheism from Freud to Marlene van Niekerk from the formation of one person's identity to experiences of globalisation and the relation of history to fiction Together they display the ground breaking ideas which lie at the heart of an act as deceptively simple as comparing one piece of writing to another **The French**
