*The Power of Culture in City Planning* Tom Borrup, 2020-11-29 *The Power of Culture in City Planning* focuses on human diversity strengths needs and ways of living together in geographic communities The book turns attention to the anthropological definition of culture encouraging planners in both urban and cultural planning to focus on characteristics of humanity in all their variety It calls for a paradigm shift re positioning city planners base maps to start with a richer understanding of human cultures Borrup argues for cultural master plans in parallel to transportation housing parks and other specialized plans while also changing the approach of city comprehensive planning to put people or users first rather than land uses as does the dominant practice Cultural plans as currently conceived are not sufficient to help cities keep pace with dizzying impacts of globalization immigration and rapidly changing cultural interests Cultural planners need to up their game and enriching their own and city planners cultural competencies is only one step Both planning practices have much to learn from one another and already overlap in more ways than most recognize This book highlights some of the strengths of the lesser known practice of cultural planning to help forge greater understanding and collaboration between the two practices empowering city planners with new tools to bring about more equitable communities This will be an important resource for students teachers and practitioners of city and cultural planning as well as municipal policymakers of all stripes

**Randolph Bourne and the Politics of Cultural Radicalism** Leslie J. Vaughan, 1997 Reassesses the short life and career of American essayist critic and founder of cultural radicalism Bourne 1886 1918 known today mostly for his opposition to US military involvement in Europe and warnings about the military industrial complex Vaughan political science U of Minnesota Duluth argues that his stance from outside establishment perspectives was not a retreat from politics as many have claimed but a form of political engagement free from the suppositions that impede genuine debate and democratic change Annotation copyrighted by Book News Inc Portland OR

**Entering Cultural Communities** Diane Grams, Betty Farrell, 2008-03-26 Arts organizations once sought patrons primarily from among the wealthy and well educated but for many decades now they have revised their goals as they seek to broaden their audiences Today museums orchestras dance companies theaters and community cultural centers try to involve a variety of people in the arts They strive to attract a more racially and ethnically diverse group of people those from a broader range of economic backgrounds new immigrants families and youth The chapters in this book draw on interviews with leaders staff volunteers and audience members from eighty five nonprofit cultural organizations to explore how they are trying to increase participation and the extent to which they have been successful The insiders accounts point to the opportunities and challenges involved in such efforts from the reinvention of programs and creation of new activities to the addition of new departments and staff dynamics to partnerships with new groups The authors differentiate between relational and transactional practices the former term describing efforts to build connections with local communities and the latter describing efforts to create new consumer markets for cultural products In

both cases arts leaders report that although positive results are difficult to measure conclusively long term efforts bring better outcomes than short term activities The organizations discussed include large medium and small nonprofits located in urban suburban and rural areas from large institutions such as the Smithsonian the Walker Art Center the Museum of Fine Arts Houston and the San Francisco Symphony to many cultural organizations that are smaller but often known nationally for their innovative work such as AS220 The Loft Literary Center Armory Center for the Arts Appalshop and the Western Folklife Center
