The Other Rebellion:

The Other Rebellion Eric Van Young, 2001 This book argues that in addition to being a war of national liberation Mexico's movement toward independence from Spain was also an internal war pitting classes and ethnic groups against each other an intensely localized struggle by rural people especially Indians for the preservation of their communities The Other Rebellion Eric Van Young, 2002-04-01 Mexico's movement toward independence from Spain was a key episode in the dissolution of the great Spanish Empire and its accompanying armed conflict arguably the first great war of decolonization in the nineteenth century This book argues that in addition to being a war of national liberation the struggle was also an internal war pitting classes and ethnic groups against each other an intensely localized struggle by rural people especially Indians for the preservation of their communities While local and national elites focused their energies on wresting power from colonial authorities and building a new nation state rural people were often much more concerned about keeping village identities and lifeways intact against the forces of state expansion commercialization and modernization Conventional wisdom says that Mexican independence was achieved through a cross class and cross ethnic alliance between creole ideologues military leaders and a mass following This book shows that this is not only an incomplete explanation of what went on in Mexico during the decade of armed confrontation that led to Mexico's independence but also a distortion of Mexican social and cultural history The author delves deeply into life histories previously unexamined texts statistical social profiling and local historical ethnography to examine the dynamics of popular rebellion He focuses especially on Mexico's Indian villages but also considers the role of parish priests as insurgent leaders local conflicts over land politics and religious symbols the influence of messianism and millenarianism in popular insurgent ideology and the everyday language of political upheaval *Events in the Taiping Rebellion* Charles George Gordon, 1891 Reminiscences by one who served with Gordon in China F L Story p 482 531 **The War of the rebellion: a compilation of the official records of the Union and Confederate armies, prepared by R.N.
