

IMPLICATIONS

DEFINITION

The term 'implications' has two interlined meanings. First, implications are the possible outcomes or consequences that can arise from a particular action or statement. Secondly, they are the possible hidden meanings in a statement. In both contexts, they refer to unspoken or indirect information.

EXAMPLES

- **Implied Speech:** If a person says, "It sure is a unique way to paint a room," they might be implying that they find the paint choice not to their taste.
- **Implications of Economic Policies:** Implementing higher tariffs on imports can protect domestic industries but might also lead to trade wars

The Other Side Of Development Socialpsychological Implications

AW Rasmussen

The Other Side Of Development Socialpsychological Implications:

Social Psychological Process And Effects On The Law Colleen M. Berryessa, Yael Granot, Melissa de Vel-Palumbo, Clare Sarah Allely, 2022-09-27 **Myopic Development and Cultural Lens** Sukant Kumar Chaudhury, 1993

The term development has generated considerable academic interest and unending debate among scholars from several disciplines. At a time when the intellectual climate is marked by a lack of consensus on the term, this book sets forth a modified model of development at the micro level, a model in which culture is placed on the highest pedestal and evaluation provides the key to success. The book is the result of an in-depth fieldwork carried out by the author among the Konds of Phullbani district of Orissa. The target-oriented approach of the government agencies has made them over-inclined towards statistics in the formulation and implementation of development programmes, neglecting the socio-cultural factors. This has resulted in a myopic development; the government's offer in terms of development assistance has either been rejected or at best evoked a lukewarm response. The author proposes that the planners must use a cultural lens to devise development programmes; otherwise, development would continue to be myopic.

The Indian Journal of Social Work, 2011 **Management in Government**, 1987 **A Classified Bibliography on Development Studies in India**, 2002 With reference to studies after 1980 **Social Action Book Review Supplement**, 1987 *Indian Psychological Review*, 1987 *The Other Side of Development* K S Shukla, 1987-03-31

The Other Side of Development focuses on the psycho-social consequences of development, an important but neglected area of the development process. The contributors to this volume provide an objective critique of the effect of development on the norms, values, psychological well-being, and life styles of a society.

Terrorist Minds: From Social-psychological Profiling To Assessing The Risk Sagit Yehoshua, 2020-10-19

This book's excellent discussion of the theories and concepts involved in profiling terrorists, including those who are incarcerated, is a major contribution to the academic discipline on these issues.

Perspectives on Terrorism

Terrorist Minds: From Social Psychological Profiling to Assessing the Risk explores the process of terrorist behavioural analysis from the social psychological profiling of terrorists to the development of risk assessment tools. Most of the research for this book was conducted in cooperation with the Intelligence Department of the Israeli Prison Service via qualitative in-depth interviews with leaders of terrorist organisations in Israeli prisons. Once social psychological profiles were established, terrorist risk assessment tools were developed to allow for better observation and practical management of associated problems. This book fills the gaps in existing literature on the psychology of imprisoned terrorist group leaders through the analysis of individuals' social, professional, and personal lives, as well as their attitudes and perceptions. The book also covers the practical aspects of risk assessment based on social psychological profiling and discusses relevant tools that have been developed in recent years. It aims to better inform counter-terrorism initiatives and policymaking, as well as improve methods of communication, counter-terrorism, and conflict resolution.
