The Of The Angel:

The Revolt of the Angels Anatole France, 2016-02-10 The Human Spirit in His Quest for Knowledge I sought out the laws which govern nature solid or ethereal and after much pondering I perceived that the Universe had not been formed as its pretended Creator would have us believe I knew that all that exists exists of itself and not by the caprice of Iahveh that the world is itself its own creator and the spirit its own God Henceforth I despised Iahveh for his imposture and I hated him because he showed himself to be opposed to all that I found desirable and good liberty curiosity doubt Anatole France *The Revolt of the Angels* Arcade a guardian angel of the lowest rank seeks knowledge and falls out of Heaven because of it He meets other fallen beings who plot to dethrone God Maurice is the human who Arcade should be guarding and he wants his guardian angel back But is he ready to face the truth This book has been professionally formatted for e readers and contains a bonus book club leadership guide and discussion questions We hope you ll share this book with your friends neighbors and colleagues and can t wait to hear what you have to say about it *The Stars and the Angels, Or The Natural History of the Universe and Its Inhabitants* ,1858 *The Angel of Clay* William Ordway Partridge,1900 *Revelation Exegetical Commentary - 2 volume set* Robert L.
