The Omega Plan

Byron Daring

The Omega Plan:

The Omega Project Byron Daring, 2012-12-20 The author has developed a plot which succeeds in eliminating a dictator while sparing the lives of innocent people The motivation to write this book stemmed from the failure to terminate a long lasting dictatorship It offers a modus operandi to eliminate dictatorships wherever they develop The book describes a realistic mechanism to depose a dictator and presents a plausible scenario that could follow this termination

[The Omega Project: Book 3, The Path of War](#) Angus MacM. Hodgson, 2019-03-20 Like The Omega Project the premise behind this book

starts back during World War Two with General William Donovan holder of the Army's four top medals including the CMH and the Office of Strategic Services better known as the OSS To most people outside of the Department of State it was obvious that communism was incompatible with the American way of life Therefore the Russians were most likely to become our next major enemy Based upon the OSS Project Omega plan and authorized by President Truman a series of secret shelters were built throughout the United States Each shelter designed to be self sufficient for long term survival and very comfortable for long term living So what would life be like in one of these secret bases What would people do while sitting around waiting for the end of the world as we knew it In this series many of the inhabitants work for the Defense Advanced Research Projects Agency doing advanced research developing very advanced technology So this book is part history part science fiction and a lot of speculation What would future everyday life look like How would door locks work How about access to your computer How about your computer itself How does one get from place to place in this futuristic world These items must be looked at from the standpoint of a three or four generation advancement

[The Omega Project](#) Angus MacM. Hodgson, 2017-07-14 Lt Colonel Jon Frasier Delta Force squadron commander is due career wise in the Army for a staff assignment and is sent to an advanced secret base as the project manager for the DARPA Army Warfighter Individual Soldier Body Armor Program In this new world Jon almost immediately runs into enemies and problems to overcome In the process he has to face massive changes in the technology he is used to Paradigm shifts become common as even simple everyday activities are changed If paradigm shifts and assassins are not enough Jon and the other inhabitants of this place called Omega 11 suddenly have to deal with surviving the end of the world as we know it and the resulting turmoil In this case California falls into the Pacific which also ignites the Pacific Ring of Fire Massive amounts of volcanic ash and dust fill the upper atmosphere preventing air travel As time goes on that same ash and dust starts lowering the temperature outside But Omega 11 and the other Omega sites were designed just for this task Now to see if all of General Wild Bill Donovan's planning and the people of Omega are up to the task

[The Omega Project, Book 2: Drumbeats of War](#) Angus MacM. Hodgson, 2018-02-20 At the end of World War 2 to most people outside of the Department of State it was obvious that communism was incompatible with the American way of life Therefore the Russians were most likely to become our next major enemy Based upon the OSS Project Omega plan and authorized by President Truman a series of secret shelters were

built throughout the United States Each shelter designed to be self sufficient for long term survival and very comfortable for long term living The hero and his Military Working Dog Klavia are assigned to one such shelter Omega 11 This book starts off with Jon reminiscing about one of his early CAG missions in Afghanistan hunting for Taliban controlled caves Later during a lull in operations he is invited to go hunting on the surface with the Chiricahua Apache After the hunt one of the Chiricahua medicine men has a vision of the future that reveals a new enemy An invasion from Mexico by a coalition of Mexican and Chinese forces Jon has a little time to prepare for this threat while at the same time eliminating another threat that started in Book 1
