The Of Romance:

The Structure and Ideology of Romance Fiction Michael Andrew Young, 1988 **Friedrich Schlegel and the Emergence of Romantic Philosophy** Elizabeth Millán, 2012-02-01 This book addresses the philosophical reception of early German Romanticism and offers the first in depth study in English of the movement's most important philosopher Friedrich Schlegel presenting his philosophy against the background of the controversies that shaped its emergence Elizabeth Millán Zañabert begins by distinguishing early German Romanticism from classical German Idealism under which it has all too often been subsumed and then explores Schlegel's romantic philosophy and his rejection of first principles by showing how he responded to three central figures of the post-Kantian period in Germany Jacobi Reinhold and Fichte as well as to Kant himself She concludes with a comprehensive critique of the aesthetic and epistemological consequences of Schlegel's thought with special attention paid to his use of irony

The Radicality of Love Srećko Horvat, 2016-01-11 What would happen if we could stroll through the revolutionary history of the 20th century and without any fear of the possible responses ask the main protagonists from Lenin to Che Guevara from Alexandra Kollontai to Ulrike Meinhof seemingly naïve questions about love Although all important political and social changes of the 20th century included heated debates on the role of love it seems that in the 21st century of new technologies of the self Grindr Tinder online dating etc we are faced with a hyperinflation of sex not love By going back to the sexual revolution of the October Revolution and its subsequent repression to Che's dilemma between love and revolutionary commitment and to the period of 68 from communes to terrorism and its

commodification in late capitalism the Croatian philosopher Srećko Horvat gives a possible answer to the question of why it is that the most radical revolutionaries like Lenin or Che were scared of the radicality of love What is so radical about a seemingly conservative notion of love and why is it anything but conservative This short book is a modest contribution to the current upheavals around the world from Tahrir to Taksim from Occupy Wall Street to Hong Kong from Athens to Sarajevo in which the question of love is curiously surprisingly absent
