## **The Of Tea:**

*The Book of Tea* Kakuzo Okakura,2019-02-13 Tea began as a medicine and grew into a beverage In China in the eighth century it entered the realm of poetry as one of the polite amusements The fifteenth century saw Japan ennable it into a religion of aestheticism Teaism Teaism is a cult founded on the adoration of the beautiful among the sordid facts of everyday existence It inculcates purity and harmony the mystery of mutual charity the romanticism of the social order It is essentially a worship of the Imperfect as it is a tender attempt to accomplish something possible in this impossible thing we know as life The Philosophy of Tea is not mere aestheticism in the ordinary acceptance of the term for it expresses conjointly with ethics and religion our whole point of view about man and nature It is hygiene for it enforces cleanliness it is economics for it shows comfort in simplicity rather than in the complex and costly it is moral geometry inasmuch as it defines our sense of proportion to the universe It represents the true spirit of Eastern democracy by making all its votaries aristocrats in taste
