The Old China Trade Americans In Canton 1784 1843:

The Old China Trade Francis Ross Carpenter, Demi, 1976-01-01 A history of the trade between the United States and China begun in 1784 which affected this country in many ways including culturally industrially and territorially *America's China Trade in Historical Perspective* Ernest R. May, John King Fairbank, 1986 This volume explores commercial relations between the United States and China from the eighteenth century until 1949 fleshing out with facts the romantic and shadowy image of the China trade These nine chapters by specialists in the field have developed from papers they presented at a conference supported by the national Committee on American East Asian Relations The work begins with an Introduction by John K Fairbank then moves on to analysis of the old China trade up to the American Civil War centering on traditional Chinese exports of tea and silk A second section deals with American imports into China cotton textiles and textile related goods cigarettes kerosene Finally the impact of the trade on both countries is assessed and the operations of American owned and multinational companies in China are examined For both the United States and China the economic importance of the trade proves to have been less than the legend might suggest **Rook en as** Amitav Ghosh, 2024-11-19 Een zoektocht naar de duistere geschiedenis van opium Toen Amitav Ghosh onderzoek deed voor zijn romantrilogie over opium was hem al duidelijk hoe die kleine plant de papaverplant de loop van de wereldgeschiedenis heeft beïnvloed Na De vloek van de nootmuskaat is hij er opnieuw in gedoken en ontdekte hij dat zelfs zijn eigen identiteit en familiegeschiedenis onmiskenbaar verweven zijn met papaver De handel in opium werd opgezet door het Britse Rijk maar ook de VOC verdiende haar geld ermee Ghosh vindt opium zelfs terug bij het ontstaan van enkele van de grootste bedrijven en machtigste families en prestigieuze instellingen ter wereld Rook en as is tegelijkertijd een reisverslag een essay over kolonialisme kapitalisme drugs en verslaving en een traktaat over wie de macht heeft om de geschiedenis op te schrijven Bovenal is het een verhaal over wortels over hoe de wereld zoals we die kennen ontsproot aan die kleine plant die in de handen van Ghosh bijna zelf een romanpersonage wordt **The American China Trade in Textiles, Apparel, and Accessories, 1784-1840** Fanjun Ning, 2006 **The United States and China** Dong Wang, 2021-07-28 Now fully revised and updated The United States and China offers a comprehensive synthesis of US Chinese relations from initial contact to the present Balancing the modern 1784 1949 and contemporary 1949 present periods Dong Wang retraces centuries of interaction between two of the world's great powers from the perspective of both sides She examines state to state diplomacy as well as economic social military religious and cultural interplay within varying national and international contexts As China itself continues to grow in global importance so too does the US Chinese relationship and this book provides an essential grounding for understanding its past present and possible futures **Imperial Co-histories** Julie F. Codell, 2003 This book explores the creation of imperial identities in Britain and several of its colonies South Africa India Australia Wales and the ways in which the Victorian press around the world shaped and reflected these identities The concept of co histories borrowed from Edward Said and Frantz

Fanon helps explain how the press shaped the imperial and national identities of Britain and of the colonies into co histories that were thoroughly intertwined and symbiotic Exploring a variety of press media this book argues that the press was a site of resistance and revision by colonized authors and publishers as well as a force of colonial authority for the British government editors and publishers who projected a view of the empire to their British colonial and colonized readers Topics include The Journal of Indian Art and Industry produced by the British art schools in India women s periodicals Indian writers in the British press The Imperial Gazetteer published in Scotland the rise of telegraphic news agencies the British press s images of China seen through exhibitions of its art the Tory periodical Blackwood s Magazine and the Imperial Press Conference of 1909 University Smoke And Ashes Amitav Ghosh,2024-02-15 A bracing new history of the global opium trade Ghosh s tentacular history embraces opium s entanglement with furniture architecture gardens and its role in modern wars But it s Ghosh s big picture thinking that has made his nonfiction so influential A huge achievement The New York Times Book Review From the nineteenth century the British reaped huge profits by exporting vast quantities of opium from India waged wars to defend its access to markets and created a devastating addiction crisis in China A sweeping story of greed and power Smoke and Ashes reveals how opium created the wealth of modern cities like Mumbai Singapore and Shanghai as well as many of America s most powerful families and institutions and is a part of Ghosh s personal history Ghosh triumphs in laying out the shame of the British Empire s opium trade for all to see Financial Times This gave me a deeper chill than any TV series about the opioid crisis The writing is sublime the research thorough the eye for story superb Sunday Telegraph Superlative synthesise s a wealth of research with remarkable intellectual clarity The Times Expansive and thoughtful Peter Frankopan The Spectator *Historical Dictionary of Guangzhou (Canton) and Guangdong* Graham E. Johnson,Glen D. Peterson,1999-02-04 Guangzhou or Canton as it is sometimes known is the major urban settlement in south China Guangdong is the province of which Guangzhou is the capital Guangzhou and Guangdong have a long settlement history that can be traced to the Zhou dynasty eight centuries before the Christian era TheHistorical Dictionary of Guangzhou Canton and Guangdong is a comprehensive up to date dictionary of the geography politics and society of this premier city in south China and its surrounding province TheDictionary focuses upon the contemporary history of Guangzhou and Guangdong The authors present the Dictionary in two distinct sections the first is for the city of Guangzhou the second for the province of Guangdong Though the city and province are two distinct entities it is impossible to fully understand one without understanding the other The dictionary is an alphabetical listing of the people places events and cultural activities significant to the modern history of Guangzhou and Guangdong There is an introductory essay for each of the two sections to provide context for what follows Two bibliographies follow the dictionary primarily made up of English language sources

The Diplomacy of Involvement David M. Pletcher,2001 Like its predecessor this important new work is focused on the connection between trade and investment on the one hand and U S foreign policy on the other David Pletcher describes the

trade of the United States with the Far East the islands of the Pacific and the northwest coast of North America from 1784 the year of the first American trading expedition to China to 1844 the year of the first trade treaty with China followed immediately by the U S acquisition of Oregon and California He then traces the growth of trade and investment in Alaska Hawaii and the South Pacific from 1844 to 1890 and proceeds to do the same for China Japan and Korea In the ensuing chapters Pletcher covers the 1890s including the annexation of Hawaii the Sino Japanese War the acquisition of the Philippines and the Open Door policy in China He concludes that the American expansion across the Pacific and into the Far East was not a deliberate consistent drive for economic hegemony but a halting experimental improvised movement carried out against determined opposition and indifference and dotted with setbacks and failures Providing his own judgments about the wisdom and effectiveness of America s new endeavors Pletcher summarizes the problems and handicaps involved demonstrating that errors of the twentieth century were at least partly the result of poor preparation in the 1880s and 1890s Touching on every place where Americans undertook significant economic activity *The Diplomacy of Involvement* will be an important aid for seasoned scholars as well as an excellent introduction for the novice **The Horn Book Magazine** ,1976
