

The One and Indivisible French Republic

Jack Hayward

The One Indivisible French Republic

Camilla Rothe

The One Indivisible French Republic:

The One and Indivisible French Republic Jack Ernest Shalom Hayward, 1974 This original and absorbing book uses geography in the classic terminology of Marc Bloch and Lucien Febvre to make room for sociology to explain the widely recognized but never systematized duality of French politics In the process it develops models that are valid in other times and places as well as in France and that challenge many prevailing interpretations of the political and economic development of Europe

The Senate of the Fifth French Republic P. Smith, 2009-10-21 Paul Smith examines how the Senate has attempted since 1958 to locate itself within the French semi presidential system how it asserts its place in relation to the President Government and National Assembly and how it has sought in recent years to develop an autonomous and particular sense of identity

Rethinking the French New Right Tamir Bar-On, 2013-04-12 This book focuses on the philosophy politics and impact of the New Right which originated in France and has since influenced activism ideology and policy in a number of European countries This book explores the idea that revolutionaries do not necessarily need to come from the left nor use arms in order to overturn liberal democracy In the post World War Two era the extremists of the revolutionary right took three different paths 1 parliamentary 2 extra parliamentary and 3 metapolitical The New Right nouvelle droite ND in France took the metapolitical path but that did not mean it abandoned its revolutionary desire to smash liberal democracy throughout Europe The book examines four interpretations of the New Right These interpretations include the following 1 The New Right as a fascist or quasi fascist movement 2 The New Right as a challenge to the traditional right left dichotomy which has structured European political debates for more than 200 years 3 The New Right as an alternative modernist movement which rejects liberal and socialist narratives of modernity accepts the technical but not political or cultural effects of modernity and longs for a pan European political framework abolishing liberal multiculturalism and privileging ethnic dominance of so called original Europeans and 4 The New Right as a variant of political religion and conversionary processes The book concludes by analysing the positions cultural and political impact and relationship to democracy of the New Right This work will be of great interest to students and scholars of racism fascism extremism European politics French politics and contemporary political theory

The Jews and the Nation Frederic Jaher, 2009-01-10 This book is the first systematic comparison of the civic integration of Jews in the United States and France specifically from the two countries revolutions through the American republic and the Napoleonic era 1775 1815 Frederic Jaher develops a vehicle for a broader and uniquely rich analysis of French and American nation building and political culture He returns grand theory to historical scholarship by examining the Jewish encounter with state formation and Jewish acquisition of civic equality from the perspective of the paradigm of liberal inclusiveness as formulated by Alexis de Tocqueville and Louis Hartz Jaher argues that the liberal paradigm worked for American Jews but that France's illiberal impulses hindered its Jewish population in acquiring full civic rights He also explores the relevance of the Tocqueville Hartz theory for other marginalized groups

particularly blacks and women in France and America However the experience of these groups suggests that the theory has its limits A central issue of this penetrating study is whether a state with democratic liberal pretensions America can better protect the rights of marginalized enclaves than can a state with authoritarian tendencies France The Tocqueville Hartz thesis has become a major issue in political science and this book marks the first time it has been tested in a historical study The Jews and the Nation returns a unifying theory to a discipline fragmented by microtopical scholarship *To Quell the Terror: The Mystery of the Vocation of the Sixteen Carmelites of Compiègne Guillotined July 17, 1794* William Bush,2013-10-29 This book recounts the dramatic true story of the Discalced Carmelite nuns of Compi gne martyred during the French Revolution s Great Terror and known to the world through their fictional representation in Gertrud von Le Fort s *Song at the Scaffold* and Francis Poulenc s *Dialogues of the Carmelites* At the height of the French Revolution s Great Terror a community of sixteen Carmelite nuns from Compi gne offered their lives to restore peace to the church and to France Ten days after their deaths by the guillotine Robespierre fell and with his execution on the same scaffold the Reign of Terror effectively ended Had God thus accepted and used the Carmelites generous self gift Through Gertrud von Le Fort s modern novella *Song at the Scaffold* and Francis Poulenc s famed opera *Dialogues of the Carmelites* with its libretto by Georges Bernanos modern audiences around the world have become captivated by the mysterious destiny of these Compi gne martyrs Blessed Teresa of St Augustine and her companions Now for the first time in English William Bush explores at length the facts behind the fictional representations and reflects on their spiritual significance Based on years of research this book recounts in lively detail virtually all that is known of the life and background of each of the martyrs as well as the troubled times in which they lived The Compi gne Carmelites sustained by their remarkable prioress emerge as distinct individuals struggling as Christians to understand and respond to an awesome calling relying not on their own strength but on the mercy of God and the guiding hand of Providence The book includes an index and 15 photos **The One and Indivisible French Republic** Jack Hayward,Research Professor at University of Hull and a Fellow Jack Hayward,1974-03 [The Politics of Migration and Immigration in Europe](#) Andrew Geddes,Peter Scholten,2016-08-09 Migration and immigration are high on any nation s agenda but have particular resonance in Europe in light of recent events The new edition of this book has been fully updated in this respect and explores Immigration policy in individual EU nations The treatment of migrants including immigrant policies The development and effects of the Shengen agreement The movement towards common EU policies It looks specifically at the contexts of Britain France Germany The Netherlands Sweden Italy Spain Greece and Turkey as well as a examining the changing nature of migration dynamics in central and Eastern Europe This book is a significant and timely analysis suitable for students of migration at any level **MOODIE v.
