*Greece in Print* ,2003    **The Open Hearth** Thomas Doulis,2000 For a decade and a half I ve been working on a series of novels under the general title of Generations of Leaves which concern the Stratton family the first generation hails from Greece as it becomes Americanized The first novel in the series The Open Hearth depicts Gus Stratton an immigrant to Western Pennsylvania who has come to America as an adolescent to pay off his father s debts and provide his three sisters with dowries To survive and fulfill his responsibilities he must deal with bravos hired to intimidate workers as well as struggle through the Great Steel Strike of 1919 He leaves the Steel Works to open a bakery with a friend finds himself locked in conflict with the local KKK that has targeted businesses owned by foreigners and returns to Greece to find a wife He marries Marianthe a woman of the Anatolian middle class whose family as a result of the Asia Minor Disaster of 1922 has lost its wealth and left her without a dowry With this strong fearless woman he raises a family during the Depression He helps form the Steelworkers Union during the Little Steel Strike of 1937 While describing the events of the turbulent twentieth century The Open Hearth chronicles the gradual Americanization of a Greek family an age old process familiar to many of us but not as consciously as it is depicted in the foreground of this novel with the major events of political and society history looming in the background Though the Stratons are a unique family whose origins and history are specific The Open Hearth makes this one of a kind family representative of a group that has been relatively silent in American fiction Aside from the fiction of Harry Mark Petrakis Helen Papanikolas and Elia Kazan not many novels and short stories depict the lives of Greeks and Greek Americans in American letters Even Doulis s own earlier novels *Path for our Valor* and *The Quarries of Sicily* are more mainstream in their focus the former using only Sergeant Gus Damianos he appears again but in childhood and adolescence in the trio of protagonists while the latter novel set on the Island of Chios during the military dictatorship is more Greek than Greek American in orientation Since it depicts the struggles of the first immigrant generation however the reach of the Stratons in The Open Hearth can be considered a modest one since Costa Stratton the steel worker and Marianthe an intelligent and educated woman are at the level where the slightest political and economic problem presents them with major turbulence Divided into three parts The Open Hearth documents in Book One From Hell to Breakfast the life of the bachelors struggling to fulfill the obligations placed on older sons to help their families or rather their fathers families in Greece work their way out of debt and marry off their dowerless sisters This was a separate culture of men without women in a society suspicious of their foreignness Marianthe Book Two depicts the dowerless bride s uprootedness from the gracious and comfortable life of Anatolia and her adjustment to marriage as the wife of a small businessman Later because of the Depression she descends to the proletarian class and is the mother of a growing family of children who despite her fondest hopes and struggles become American With others in their community and Costa as the first president they struggle to build a church that takes its place in the mosaic of America But the Depression brings them and the nation down they lose

their business and are threatened with dissolution as a family Finally Book Three Not That They Starve is possibly unique in American fiction in its depiction of what has come down in history as The Little Steel Strike and the life of workers in the Monongahela Valley as they wage an epic battle for union representation The novel is the product *Forthcoming Books* Rose Arny,2001-06 **The Book Review Digest** ,2003 **World Literature Today** ,2002 *The Iron Age* ,1893
