The Origin and Permanent Value of the Old Testament - Kent Charles Foster Kent, 2009-12-09 A passage from the book *The opening chapters of the Gospels record only three or four meagre facts regarding the first thirty years of Jesus life The real*

history of those significant years ran so far beneath the surface of external events that it completely escaped the historian. The history of the mental and spiritual life of the Master is recorded in his mature character and teachings. The fugitive hints however vividly illustrate the supreme fact that he ever grew stronger becoming filled with wisdom and the grace of God was upon him. Luke ii 40. They reveal a soul not only in closest touch with God and with human life but also in eager quest for the vital truth regarding God and man recorded in the Scriptures of his race. It requires no imagination to picture the young Jew of Nazareth eagerly studying in the synagogue at the temple and alone by himself the sacred writings found in our Old Testament for this fact is clearly recorded on every page of the Gospels.

Origin & Permanent Value of the Old Testament Charles Foster Kent, Professor Charles Foster Kent, 2006-03-01 Their position as well as the themes which they treat suggest that the Gospels were the first to be written. It is however a self evident fact that a book was not written at least not in antiquity when the making of books was both laborious and expensive unless a real need for it was felt. If we go back and live for a moment in imagination among the band of followers which Jesus left behind at his death we see clearly that while the early Christian Church was limited to Palestine and a large company of disciples who had often themselves seen and heard the Christ lived to tell by word of mouth the story of his life and teachings no one desired a written record.

The Permanent Value of the Old Testament Charles Foster Kent, 2019-01-24 During the past generation the Old Testament has commanded equally with the New the enthusiastic and devoted study of the great body of biblical scholars throughout the world. Two out of every three graduate students in our universities who specialize in the general field of biblical literature choose the Old as the special centre of their work. At the same time the tendency of the rank and file of the Christian church within the past decade has undoubtedly been to neglect the older Testament. Preachers as a rule select less than a fourth of their texts from it the prevailing courses of Bible study devote proportionately less time to it and teachers and scholars in the great majority of cases turn to the Old Testament with much less enthusiasm than they do to the New. Why are these two great currents setting in opposite directions and what are the causes of the present popular neglect of the Old Testament? If the Old

Testament should be relegated to a second place in our working canon of the Bible let us frankly and carefully define our reasons If on the other hand the prevailing apathy and neglect are due to ignorance of the real character and value of the Old Testament let us lose no time in setting ourselves right
