

# The Origin Of Gnosticism

**Karen L. King**

## **The Origin Of Gnosticism:**

*The Origins of Gnosticism / Le origini dello gnosticismo* Bianchi,1970-06-01      *A Separate God* Simone Pétrement,1990

**First Century Gnosticism** Gerard van Groningen,1967      **Gnosis** Kurt Rudolph,2001-06-20 Translated by R McL

Wilson A full scale study based on the documents of the Coptic Gnostic library found at Nag Hammadi providing a

comprehensive survey of the nature the teachings the history and the influence of this religion      **Gnostic Truth and**

**Christian Heresy** A. H. B. Logan,1996-01-01      **Revival of the Gnostic Heresy** J. Morris,2008-11-24 In this rigorous and

provocative study Joe E Morris argues that the basic tenets and practices of Fundamentalism are those of ancient Christian

Gnosticism Drawing on extensive research and careful analysis Morris aligns the two religious phenomena point by point

tenet by tenet Along the way he provides insights into the key hermeneutic of Fundamentalism inerrancy of Scripture

highlighting the multiple problems with the positions of literal and inerrant interpretation their impracticality and

unfeasibility and their contradiction with their own conservative doctrine namely the Incarnation of Jesus Christ This

groundbreaking book dramatically recasts our understanding of the history of Christianity and gives important context to

modern day religious debates      **The Quest for the Origin of John's Gospel : A Source-Oriented Approach** St. Louis

Thomas L. Brodie Professor of Theology Aquinas Institute,1992-12-11 This book presents a controversial thesis concerning

the composition of the Gospel According to John Most New Testament scholars believe that John was independent of the

other three Synoptic Gospels although some hold that he may have been familiar with Mark This has led many to attempt to

reconstruct the history of the community within which and for which John must have written Brodie argues however that

until the source question is settled the historical question remains fruitless What has been missing from Johannine

scholarship he says is an accurate sense of the way in which writers of the ancient world set about composing their works

Given this literary context it can be argued that John knew and used not only all of the Synoptic Gospels but Acts Ephesians

and the Pentateuch as well Finally Brodie concludes that John was the individual John and not the mouthpiece of a putative

Johannine Community The Gospel should thus be read as a unified work and not as the product of an aggregation of different

sources or different dates of redaction      What is Gnosticism? Karen L. King,2003 A study of gnosticism examines the

various ways early Christians strove to define themselves in a pluralistic Roman society while questioning the traditional

ideas of heresy and orthodoxy that have previously influenced historians      **The Origin of Gnosticism** Francis

Legge,2005-12-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain

imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we

have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable

high quality modern editions that are true to the original work      *The Popular Encyclopedia of Apologetics* Ed

Hindson,Ergun Caner,2008-05-01 The perfect combination of scholarship and accessible presentation for Christians who

desire to know how to better understand and defend their faith Bestselling authors Ed Hindson and Ergun Caner have brought together a who's who of apologetic experts including Lee Strobel Norm Geisler Josh McDowell and John Ankerberg to produce a resource that's both easy to understand and comprehensive in scope Every entry provides a biblical perspective and mentions the key essentials that believers need to know about a wide variety of apologetic concerns including issues concerning God Christ and the Bible scientific and historical controversies ethical matters genetic engineering homosexuality ecology feminism a Christian response to world religions and cults a Christian response to the major worldviews and philosophies of our day Included with each entry are practical applications for approaching or defending the issue at hand along with recommendations for additional reading on the subject

**Le origini dello gnosticismo** U. Bianchi, 1970  
*The history of freemasonry* Robert Freke Gould, 1882      *Introduction to the History of Christianity* Tim Dowley, 2018-06-01 Now in its third edition Tim Dowley's masterful one volume survey of church history has an updated design and new content particularly in the section covering most recent Christian history The inviting full color format includes many new images and updated maps while maintaining many of the features that made the second edition a popular volume for the classroom Dowley has assembled a global cast of respected scholars to write the full story of the rise of the Christian faith and to provide a rounded picture of the worldwide development of Christianity The volume has been praised as accurate scholarly and balanced Its writers are committed to Christianity but also to the unhindered pursuit of truth that does not avoid the darker aspects of the varied story of Christianity The accessible text is supported by detailed timelines maps profiles of key figures in Christianity colorful images and a complete glossary Each section includes questions for discussion

**Gnosticism: The History and Legacy of the Mysterious Ancient Religion** Charles River Editors, 2019-03-18 Includes pictures Includes ancient accounts Includes online resources and a bibliography for further reading This knowledge is not something that can be put into words like other sciences but after long continued intercourse between teacher and pupil in joint pursuit of the subject suddenly like light flashing forth when a fire is kindled it is born in the soul and straightway nourishes itself Plato Gnosticism is one of the great mysteries in the history of Western religion At its core is an ancient Greek word gnosis a word prominent in the writings of Plato which refers to a deep personal knowledge or understanding that often transcends the physical world The Gnostics painted a picture of a fallen broken world in which physicality was a product of a lesser deity This deity was created in defiance of the One and in order to trap humans and blind them to the truths of their predicament and divine origins By acquiring insight or gnosis in this secret nature of the world humans might escape their prison Only through knowledge can people be set free As that makes clear Gnosticism as a belief system is difficult to define since it is not a well organized or uniform doctrine like Christianity or Judaism but at one time there was some synchronization with Christianity that nurtured both movements As a religion and philosophy Gnosticism flourished alongside Christianity and it is not easy to say which one came first but it is certain that both

movements influenced each other To paraphrase John Dominic Crossan it is unclear whether Gnosticism was a Christian heresy a Jewish heresy or an original religion that powerfully merged with both Gnosticism borrowed elements from Christians just as the whole of Christianity took a certain Gnostic flavor to the point that some books of the New Testament especially the Gospel of John could easily pass as a proto Gnostic document At the risk of oversimplifying Gnosticism was the belief that the souls are divine sparks imprisoned in imperfect physical bodies due to the machinations of a lesser and evil god who created the world This evil god is identified with the creator of the Genesis and the Hebrew Bible The material world and the body are prisons separated from the divine realm from which humans must escape through the ascent of various levels This is possible through the acquisition of secret knowledge reserved for the elect This special revelation or gnosis knowledge was supposedly disclosed by Jesus to his dearest disciples and it can be found in the Gnostic books deliberately written in cryptic language The acquisition of the secrets necessary for the salvation of the soul in many cases implied a radical asceticism and corporal sacrifice Due to such classical roots it would be easy to conclude that Gnosticism is an ancient philosophy and a cursory glance might categorize it as simply a way of understanding the world and promoting investigation However the term is most often used to describe not a philosophy but a religion and not just any religion but a branch of one of the most resilient and influential traditions in history Christianity So what exactly is Gnosticism and why does it remain such a source of confusion captivation and charisma for modern scholarship and culture alike These answers are complex and indicative of how the many turnings of the last two millennia have unexpectedly unearthed some answers while burying others even deeper Gnosticism The History and Legacy of the Mysterious Ancient Religion looks at the different origins that shaped Gnosticism what Gnostics believed and practiced and the influence they had on other religions Along with pictures depicting important people places and events you will learn about Gnosticism like never before

*History of Dogma* Adolf von Harnack, 1894      The International Standard Bible Encyclopedia Geoffrey William Bromiley, 1979 The International Standard Bible Encyclopedia combines the defining function of a dictionary with an encyclopedia's comprehensive presentation of accurate dependable information Summarizing the state of knowledge on more than 9 000 topics and including 3 500 cross references ISBE contains articles on every person and place mentioned in the Bible every word in the Bible that has significant theological or ethical meaning and all terminology that touches on the transmission and interpretation of the Bible      **Text-Book of Church History. [Translated by J. H. A. Bomberger.]** Johann Heinrich Kurtz, 1870      **The History of Freemasonry** Albert Gallatin Mackey, 1898      The History of the Decline and Fall of the Roman Empire Edward Gibbon, 1913      **Text-book of Church History** Johann Heinrich Kurtz, 1884
