1914 Subject Cookery Mexican      Paella Cookbook Sharon Powell,2021-02-16 We all have food that we refer to instinctively  
as comfort food from the period of our childhood days in life In Europe and along those who grew up with Spanish cuisine  
right at their homes the paella dish would be considered comfort food In fact in the city of Valencia in Spain one of their  
identification is done through the symbol of the paella In the language of Valencian the paella translates literally to frying  
pan This is because they used to use a shallow pan for cooking the paella on fire in the open So this remarkably pleasant dish  
has some ancient origins But its recent variations can be traced to the original Valencian paella cooked in the middle of the  
19th century While the Valencian paella is a popular variation of the paella the second popular variation is the Paella de  
Marisco which translates to a seafood paella dish Filled with divergent seafood such as prawns mussels lobster fish and so on  
the Paella de Marisco is just as appreciable as its counterpart Barring these two dishes the paella is cooked everywhere in  
the Mediterranean region and local varieties of it can be found all over Spain as well
