The Othello of Shakespeare's Audience John William Draper, 1966      *The Othello of Shakespeare's Audience* J. W. Draper, 1978      Shakespeare's Audiences Matteo Pangallo, Peter Kirwan, 2021-03-28 Shakespeare wrote for a theater in which the audience was understood to be and at times invited to be active and participatory How have Shakespeare's audiences from the sixteenth century to the present responded to that invitation In what ways have consumers across different cultural contexts periods and platforms engaged with the performance of Shakespeare's plays What are some of the different approaches taken by scholars today in thinking about the role of Shakespeare's audiences and their relationship to performance The chapters in this collection use a variety of methods and approaches to explore the global history of audience experience of Shakespearean performance in theater film radio and digital media The approaches that these contributors take look at Shakespeare's audiences through a variety of lenses including theater history dramaturgy film studies fan studies popular culture and performance Together they provide both close studies of particular moments in the history of Shakespeare's audiences and a broader understanding of the various often complex connections between and among those audiences across the long history of Shakespearean performance      **Shakespeare's Reading Audiences** Cyndia Susan Clegg, 2017-06-26 This book asks what Shakespeare's contemporary audiences read and how their reading shaped their reception of his work      **Shakespeare Worldwide and the Idea of an Audience** Tina Krontiris, Jyotsna Singh, 2007      *Catalogue of the Works of William Shakespeare, Original and Translated* Boston Public Library. Barton Collection, 1888      Black Shakespeare Ian Smith, 2022-09-29 Race may dominate everyday speech media headlines and public policy yet still questions of racialized blackness and whiteness in Shakespeare are resisted In his compelling new book Ian Smith addresses the influence of systemic whiteness on the interpretation of Shakespeare's plays This far reaching study shows that significant parts of Shakespeare's texts have been elided misconstrued or otherwise rendered invisible by readers who have ignored the presence of race in early modern England Bringing the Black American intellectual tradition into fruitful dialogue with European thought this urgent interdisciplinary work offers a deep revealing and incisive analysis of individual plays including Othello The Merchant of Venice and Hamlet Demonstrating how racial illiteracy inhibits critical practice Ian Smith provides a necessary anti racist alternative that will transform the way you read Shakespeare      **Guide to the Literature of Shakespeare in the Library [St. Louis Public].** Marie O.
