**THE AMAZING COLOSSAL MAN** Bert Ira Gordon, Mark Hanna, 1957      *The Amazing Colossal Apostle* Robert M. Price, 2012-12-03 The story of Paul is one of irony the New Testament depicting him at the martyrdom of Stephen holding the assassins cloaks Then this same Paul is transformed into the biblical archetype for someone suffering for their faith He becomes so entrenched it would appear that he had walked with the Christians all his life that he was the one who defined the faith eventually being called the second founder of Christianity But much of what we think we know about Paul comes from Sunday school stories we heard as children The stories were didactic tales meant to keep us reverent and obedient As adults reading the New Testament we catch glimpses of a very different kind of disciple a wild ascetic whom Tertullian dubbed the second apostle of Marcion and the apostle of the heretics What does scholarship tell us about the enigmatic thirteenth apostle who looms larger than life in the New Testament The epistles give evidence of having been written at the end of the first century or early in the second too late to have been Paul's actual writings So who wrote and rewrote them F C Baur a nineteenth century theologian pointed persuasively to Simon Magus as the secret identity of Paul Robert M Price in this exciting journey of discovery gives readers the background for a story we thought we knew      [Elvis, Marilyn, and the Space Aliens](#) Robin Holabird, 2017-02-10 Elvis Presley Marilyn Monroe and space aliens like the Transformers share a surprising connection along with James Bond Indiana Jones and Rocky Balboa These beloved icons played active roles in movie and television projects set in the state of Nevada Long time state film commissioner and movie reviewer Holabird explores the blending of icons and Nevada along with her personal experiences of watching movies talking with famous people and showing off a diverse range of stunning and iconic locations like Las Vegas Reno Lake Tahoe and Area 51 Holabird shows how Nevada's flash flair and fostering of the forbidden provided magic for singers sexpots and strange creatures from other worlds She also gives readers an insider's look into moviemaking in Nevada by drawing on her extensive experience as a film commissioner This is a unique take on film history and culture and Holabird explores eighteen film genres populated by one of a kind characters with ties to Nevada Along with being a film history of the state of Nevada written by a consummate insider the book is a fun mixture of research personal experiences and analysis about how Nevada became the location of choice for a broad spectrum of well known films and characters      **In the Spooklight** Michael Arruda, 2018-04-07 **IN THE SPOOKLIGHT** is a collection of 115 horror movie review columns by Stoker nominated author and film critic Michael Arruda covering movies from the silent era up until today The column In the Spooklight has appeared monthly in the pages of THE OFFICIAL NEWSLETTER OF THE HORROR WRITERS ASSOCIATION since the summer of 2000 If you love horror movies you're sure to enjoy Arruda's take on the genre It's informative humorous and most of all it's a heck of a lot of fun Make a movie monster happy      [A Year of Fear](#) Bryan Senn, 2015-03-26 This eclectic overview of horror cinema offers up a collection of horror films for practically any occasion and literally every day of the year For example the
