Canadian Reference Sources Mary E. Bond, Martine M. Caron, 1996 This bibliography cites those Canadian and foreign reference sources that describe Canadian people, institutions, organizations, publications, art, literature, languages, and history. It lists books of a general nature as well as works in the disciplines of history and the humanities. These large divisions are then broken down by subject, genre, type of document, and province or territory. Titles of national, provincial, territorial, or regional interest are included in every subject area when available. The contents of the book are indexed four ways by name, title, French subject, and English subject. And to facilitate browsing, the major reference books those dealing with more than one subject or a large geographical region are also cross-referenced. Two entries have been created for each bilingual document in order to provide access and bibliographical descriptions in both of Canada's official languages. Entries for unilingual works include citation in the language of the publication and a bilingual annotation. The annotations are descriptive and provide information on the content, arrangements, and indexing of works, the availability of non print formats, previous editions, and title changes and related works. Canadian Reference Sources will be an invaluable reference tool for future scholars and researchers. *Laurentides 2013 Petit Futé* Dominique Auzias, Jean-Paul Labourdette, 2012-09-10T00:00:00+02:00 Les Country Guides du Petit Futé sont des guides pour tous les voyageurs.
