## The Affirmation

**Sir William Hamilton**

## **The Affirmation:**

**Dostoevsky and the Affirmation of Life** Predrag Cicovacki,2014-02-18 Dostoevsky's philosophy of life is unfolded in this searching analysis of his five greatest works Notes from the Underground Crime and Punishment The Idiot The Possessed and The Brothers Karamazov Predrag Cicovacki deals with a fundamental issue in Dostoevsky's opus neglected by all of his commentators How can we affirm life and preserve a healthy optimism in the face of an increasingly troublesome reality This work displays the vital significance of Dostoevsky's philosophy for understanding the human condition in the twenty first century The main task of this insightful effort is to reconstruct and examine Dostoevsky's aesthetically motivated affirmation of life based on cycles of transgression and restoration If life has no meaning as his central figures claim it is absurd to affirm life and pointless to live Since Dostoevsky's doubts concerning the meaning of life resonate so deeply in our own age of pessimism and relativism the central question of this book whether Dostoevsky can overcome the skepticism of his most brilliant creation is innately relevant This volume includes a thorough literary analysis of Dostoevsky's texts yet even those who have not read all of these novels will find Cicovacki's analysis interesting and enthralling The reader will easily extrapolate Cicovacki's own philosophical interpretation of Dostoevsky's literary heritage
