*The New sporting magazine* ,1840      *Liturgical Music as Ritual Symbol* Judith Marie Kubicki,1999 In this book Sister Kubicki uses Jacques Berthier s Taize music to explore the nature of liturgical music as ritual symbol She carries out a hermeneutical analysis of Berthier s chants and examines biographical and historical data related to the creator s of Taize music and the founding of the Taize community The author draws on five areas of study to interpret the Taize chants as ritual symbol symbol theory semiotics theologies of symbol ritual theory and performative language theory The final chapter explores potential ecclesial meanings which may be mediated in the Taize liturgy and the role of Berthier s chants in mediating that meaning The study concludes that it is music s symbolic property that enables it to be both ministerial and integral to the liturgy As symbolic activity music making evokes participation negotiates relationships and enables the assembly to orient themselves and to find their identity and place within their world Furthermore music making provides the illocutionary force to do something in the act of singing Thus it is that as part of a complexus of ritual symbols music interacts with other symbols in mediating the liturgy s meaning      Music in Catholic Liturgy Gerald Dennis Gill,2009
